i am against Carolina water service from getting any more increases. It seems they are filling every 6 months for increases. I live in Pender county and have not lived in my house since September due to the hurricane. We are paying over \$89 per month just in fixed charges per month. The water is bad at best rust stains on toilets and showers. Most people will not drink the water they use bottled water. Yes I have voiced my concerns to the company they don't care. I know that this memo is for not because you will rubber stamp this application and pass the increase on to the consumer.
