Clerk's Office
N.C. Utilities Commission

I just sent Duke Energy Progress the following communication stating my intention to opt out of all future smart meter installation.

I am writing to notify Duke Energy Progress of my intent to opt out of all radio frequency meters and future smart meter installations. A representative visited us in 2015 and I informed him of my decision. This is to reiterate that intent.

To repeat, I do not give Duke Energy Progress permission to install a smart meter on my home or property.
