To: Statements
Subject: Docket E-2 Sub 1095

E-2 Sub 1095
E-7 Sub 1100
G-9 Sub 682

to Ed Finley:

Enough of the backroom deals with Duke. You need to look out for the public interest which at this point in history means reducing the burning of fossil fuels as much as possible. Please consider your grandchildren and mine in your decisions. What kind of legacy will the NNUC leave?

Jesse Colin Young
Pisgah Forest, NC

Jul 11, 2016

NC Utility Commission

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Sincerely,

Diane Jackson

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

Please DO NOT put the lives of North Carolinians health, welfare and future at risk by making this merge. DO NOT be influenced by greed and power and outside money from big wealthy oil industry owners who only care about their big profits. That has been proven over and over with the loss of lives due to their greed and lack of concern to keep the work areas safe and well maintained.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Subject: I oppose the merger between Duke and Piedmont: Docket E-2 Sub 1095

Jul 11, 2016

NC Utility Commission

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Sincerely,

Mildred Robertson

Jul 11, 2016

NC Utility Commission

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Too big to fail means it is too big to exist!

Sincerely,

Randy Propst

NC Utility Commission

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

I live in Nash County. We do not need a natural gas pipeline. We need more solar farms. In addition, we have no choice at all in utility providers. This merger is an outrage.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Sincerely,

Loretta Valenski

NC Utility Commission

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Duke Energy has polluted enough water in this state and others with its ash coal ponds. It does not have a strong record in responsibility to the citizens who use its power and who live near these ponds. There is no reason to think it would be more responsible with its ownership of Piedmont Natural Gas.

Fracking is a disaster to the environment. Do not create a huge monopoly by allowing this merger to take place. Duke Energy is already too big. It needs to direct its future to sustainable energy resources, like solar power. Not further destroying the environment and poisoning water with its careless pollution.

Sincerely,

Monika W

People are waking up to the cronyism between the NCUC and Duke Energy.

It is apparent in your lack of receptivity to protecting our environment and looking at alternatives to fossil fuels. NC could be a leader in creating a sustainable energy future. Utility monopolies are like the mega-banks - too big NOT to fail in the end. Please do the right thing here and reject this costly merger. NC's future is in your hands.

When Duke Power and Pat McCrory get the coal ash cleaned up, maybe then they can spend on new acquisitions...but until then, they've got a big job to do for NC and they need to get to it. Voters are sick of this mess and will make their wishes known in Nov.

Jul 11, 2016

NC Utility Commission

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Sincerely,

Jim Binford

I know that Duke Energy owns Patt McCrory and most likely most of the Utility Commission as well. But they do NOT own me! And this plan they are proposing is a direct conflict of my long term health's interests. I'm speaking out against this deal for myself and those who do not have a voice to speak out against it.

Sincerely,

James Smiley

NC Utility Commission

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Sincerely,

Ronald Fisher

NC Utility Commission

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy. Duke has already proven itself opposed to public health, immune to public outcry, and totally unconcerned about the environment. It needs less power and influence, not more.

Sincerely,

Jeannette Cabanis-Brewin

Jul 11, 2016

NC Utility Commission

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

We deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. I am counting on you to reject this proposed deal! It will be bad for business, bad for the future of North Carolina, and bad for our democracy. More directly, it is bad for me, my children and my grandchildren. Duke claims to be a leader in solar and wind energy, but compared to progressive power companies in Europe, Duke is in the stone ages.

Sincerely,

Gus Preschle

As a North Carolinian, I object to paying ever higher electricity rates to support the already-giant Duke Energy and its continuing dependence on fossil fuels. How does this really benefit the citizens of NC?

Thank you for considering my comments.

Sincerely,

Patricia Leighten

Jul 11, 2016

NC Utility Commission

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Duke Energy is already one of the largest energy companies in the nation. Corporate mergers lead to loss of jobs, less competition, and worse customer service. In my opinion, Duke needs to be broken up, not acquire other businesses.

It's time for us collectively to pursue clean, renewable energy sources with as much determination as the race to the moon in the 1960s.

Climate change is the single most critical challenge the human race has ever faced. It's time we face it. The sooner we do, the less shock to our economy.

Thank you for considering my comments.

Sincerely,

Carol Hay

Subject: I oppose the merger between Duke and Piedmont: Docket E-2 Sub 1095

Jul 11, 2016

NC Utility Commission

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Sincerely,

Deborah H. Chilton

Jul 11, 2016

NC Utility Commission

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

The National Cancer Institute was mandated by Congress to determine if nuclear testing at the Nevada test site was resulting in cancer-causing radioisotopes contaminating US citizens. The results showed that women in many counties throughout the US had I-131 in their mother's milk. I have some of those data showing Meck. That means that not only the women, but also their children were subjected to radiation that left them vulnerable to developing cancer if further exposure to carcinogenic compounds, such as those that occur regularly in coal ash and in fracking fluid that Duke wants to inflict on us. There are strong indications that the Duke/Piedmont merger would complicate the risk of breast cancer in women in North Carolina. So I urge you to deny the merger,, and continue to urge Duke Power to increase the proportion of their "power" that is generated by renewable sources. We both heard one CEO of Duke testify under oath before your Commission that he couldn't make wind power work. The Germans make it work; the Dutch make it work; perhaps Duke should hire some foreign nationals to run Duke Energy for a change, .

Sincerely,

Zell Mcgee
