CCEBA’S PETITION TO INTERVENE

NOW COMES the Carolinas Clean Energy Business Association (“CCEBA”), pursuant to Rules R1-5, R1-7, and R1-19, and petitions to intervene in the above-captioned docket. In support of its Petition, CCEBA shows the Commission the following:

1. CCEBA is a non-profit organization formed under the laws of North Carolina. CCEBA is organized for the purpose of promoting and advocating public policy positions supportive of renewable power generation in North and South Carolina. CCEBA is a 501(c)(6) organization representing all types of businesses in the clean energy sector, including developers, manufacturing, engineering, construction, professional and financial services, and non-energy businesses wishing to purchase clean energy. With over 50 members, including most of the utility-scale solar developers in North and South Carolina, CCEBA monitors and participates in energy policymaking in both Carolinas.

2. CCEBA has appeared as an intervenor in multiple dockets in North Carolina under its current name, and under its prior name: North Carolina Clean Energy Business Alliance.

3. CCEBA was allowed to intervene and participated in prior proceedings related to Avoided Cost, including E-100, Sub 175 (2022); E-100, Sub 167 (2020); and E-100, Sub 158 (2018).

4. CCEBA's members include developers and owners of Qualifying Facilities and other renewable energy facilities as well as members who intend to pursue future development in North Carolina which will be substantially affected by the outcome of this docket and the establishment of avoided cost rates. CCEBA is uniquely positioned to represent those members and has information and expertise relevant to the concerns of the renewable energy industry and its customers which should be considered in this docket.

5. CCEBA's address is 811 Ninth Street, Suite 120-158, Durham, NC 27705.
