DOCKET NO. E-7, SUB 1804

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of  
Application of Duke Energy Carolinas, L.L.C. )  
Relating to Fuel and Fuel-Related Charge )  
Adjustments for Electric Utilities Pursuant ) PUBLIC NOTICE  
to N.C.L.S. § 62-181.2 and Commission )  
Rule R6-05 )

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual fuel and fuel-related adjustment charge proceeding for Duke Energy Carolinas, LLC (DEC). The public hearing is scheduled to begin at 2:00 p.m. on Monday, June 16, 2024, in Commission Hearing Room 2118, Dobbs Building, 480 North Salisbury Street, Raleigh, North Carolina. Public witness testimony will be received in accordance with Commission Rule R6-05.

This proceeding is being held pursuant to the provisions of N.C. Gen. Stat. §§62-181.2 and Commission Rule R6-05 for the purpose of determining whether an increase or decrease rider is required to reflect changes in fuel and fuel-related costs over or under the base fuel rate established for DEC in its last general rate case.

On February 27, 2024, DEC filed its application in the above-captioned docket. By its application, DEC initially requested Commission approval for an increase in its fuel and fuel-related costs currently in effect, with the changes being effective for service rendered on and after September 1, 2024.

On May 8, 2024, DEC filed supplemental testimony, exhibits and worksheets (Supplemental Filing). By its Supplemental Filing, DEC requests Commission approval for a revised increase in its fuel and fuel-related costs as compared to its initial filing. The Supplemental Filing provided revised rates reflecting impacts of the proposed GMP increment for the experienced net under-recovery of fuel and fuel-related costs through March 31, 2024; and proposes a new GMP increment factor for the experienced net under-recovery of certain fuel and fuel-related expenses from September 1, 2023 through March 31, 2024. In addition, from its initial filing, the Company also proposed a rider for the industrial customer class's bill impacts. If approved by the Commission, DEC's proposed changes in fuel rates would result in an increase of the current fuel rates of all customer classes with the amount of the increase varying for different customer classes effective September 1, 2024, followed by a decrease beginning on January 1, 2025. More particularly, for the four-month period beginning September 1, 2024, and ending December 31, 2024, a typical residential customer using 1,000 kWh per month would experience an increase of \$1.76, or 1.2%. The impacts for average general service/lighting customers and industrial customers vary by customer, but are approximately increases of 3.6% and 4.2%, respectively. Beginning on January 1, 2025, customer bills are expected to decrease. A typical residential customer using 1,000 kWh per month would experience a decrease of \$13.68, or 8.8% from fuel factors in effect at that time. The impacts for average general service/lighting customers and industrial customers vary by customer, but are approximate decreases of 12.8% and 7.6%, respectively from fuel factors in effect at that time.

Further information may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, Dobbs Building, 6th Floor, 480 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application and testimony is available for review by the public, or on the Commission's website at [www.ncuc.gov](http://www.ncuc.gov).

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Mr. Christopher J. Ayres, Executive Director, Public Staff 4328 Mail Service Center, Raleigh, North Carolina 27609-4300.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Josh Stein, Attorney General, c/o Consumer Protection- Utilities, 5051 Mail Service Center, Raleigh, North Carolina, 27609-5001. Written statements may be emailed to [utilities@Dainirold.gov](mailto:utilities@Dainirold.gov).

Written statements are not evidence unless persons appear at a public hearing and testify concerning the information contained in their written statements.

Any person desiring to intervene in the proceeding as a formal party of record should file a petition under North Carolina Utilities Commission Rules R1-8 and R1-18 on or before Monday, May 20, 2024. Such petitions should be filed with the Chief Clerk of the North Carolina Utilities Commission, 4328 Mail Service Center, Raleigh, North Carolina 27609-4300. The direct testimony and exhibits of expert witnesses to be presented by intervenors should also be filed with the Commission on or before Monday, May 20, 2024.
