Subject: Smart Meter Opt Out Tariff

FILED

Clerk's Office
N.C. Utilities Commission

E100 SUB141

To whom it may concern:

I am writing to express my opposition to the proposed Duke Energy Smart Meter opt out tariff. There is a growing body of research showing that electromagnetic frequencies can cause verifiable health issues for certain sensitive individuals. Such individuals should not be penalized for making the best decision for their overall health and well being, if that includes opting out of having a smart meter placed on their home. Please oppose any such tariff. Thank you.
