I wish to let you know that the document notifying of the Utilities Increate by Saxapahaw Utility Company that was supposed to be delivered to customers in the service area prior to Feb 8th, 2022 was not delivered to my home until February 28th or March 1st. That seems to make this rate increase null and void if the Saxapahaw Utility Company failed to do it's job of notifying their customers by the previously mentioned date. I just thought you should know.
