Dear Mr. Ayers,

Please see the attached document, which is a compilation of signatures of Bald Head Island homeowners, and a few workers, who have requested that the Bald Head Island Village Council bring an end to the litigation surrounding the transfer of the Transportation System.

The signatures were collected on the island in late March and early April. A copy of all signatories was presented to the BHI Council at their monthly meeting on April 19, 2024, but the Council did not appear to show any concern that nearly 300 taxpayers and island workers have requested that they cease litigation and resolve all legal disputes surrounding the sale and transfer of the BHI Transportation System.

I am most willing to send you the original pages of signatures if that would be beneficial.

Please feel free to contact me at 301.806.9103 should you have any questions about the Petition. I will be traveling on July 1 and 3, but otherwise I am available, or feel free to email me.

Thank you so much for your hard work on behalf of all North Carolinians.

Best,
Elizabeth (Betsi) Hervey Stephen, Ph.D.

Dear Mayor Quinn and Councilors Gardner, Hill, White, and Thomas,

Our message is simple. For over three years the transfer of the Transportation System has been in a state of uncertainty and confusion. The related litigation has been disruptive, divisive, and has already cost the BHI taxpayers several million dollars. If the litigation continues, it is likely to cost the taxpayers much more. We believe it is in the best interest of all BHI taxpayers and the Village of Bald Head Island to resolve these disputes now.

We ask you to work with Bald Head Island, Ltd., the Bald Head Island Transportation Authority, and SharpVue, Ltd. to reach a settlement to all litigation so that new ferries and other necessary equipment can be purchased in order to continue and improve access to the island for homeowners, workers, business owners, and visitors.

We, the taxpayers of Bald Head Island, sign this letter:
