BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of

Application of Duke Energy Carolinas, LLC,
for Approval of Demand-Side Management
and Energy Efficiency Cost Recovery Rider
Pursuant to G.S. 62-133.9 and Commission
Rule R8-69

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled an additional public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The additional public hearing is scheduled to begin at 10:00 a.m. on Tuesday, July 7, 2015, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of G.S. 62-133.9 and Commission Rule R8-69, for the purpose of determining whether an increment or decrement rider is required to allow DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. The Commission conducted a public hearing in this proceeding, as well as an evidentiary hearing to receive the testimony and exhibits of expert witnesses, on June 2, 2015. The additional public hearing is being held to allow the opportunity for public comment and testimony on Duke Energy Carolinas, LLC's revised proposed total DSM and EE rates in this proceeding.

On March 4, 2015, Duke Energy Carolinas, LLC, filed an application and testimony relative to the subject matter of the proceeding. By its application DEC requested a total annual revenue decrease of approximately \$26.8 million, effective January 1, 2016, from the DSM/EE rider currently in effect. This request would have resulted in a decrease of 0.2415 cents per kilowatt-hour (kWh) for residential customers. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, as initially proposed by DEC the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would have increased by 0.1147 cents per kWh.

Through supplemental testimony and exhibits filed on May 15, 2015, after the notice of the original proposed changes had been published pursuant to the Commission's Order Scheduling Hearing, Requiring Filing of Testimony, Establishing Discovery Guidelines, and Requiring Public Notice, DEC revised its proposed DSM/EE rider to request a smaller, \$25.8 million decrease in total annual revenue. Accordingly, DEC's revised request would result in a decrease of 0.2368 cents per kWh for residential customers. The effect of this request would decrease the monthly bill of a residential customer using 1,000 kWh of electricity by \$2.37. The effect of DEC's revised request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, DEC's revised rates for non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would result in an increase of 0.1144 cents per kWh.

Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to G.S. 62-133.9 are not subject to the DSM/EE rider.

Further information may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public. Also, documents may be viewed on the Commission's website at www.ncuc.net.

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Correspondence concerning the DSM/EE rider proceeding and the additional hearing scheduled thereon should be directed to the Public Staff. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Christopher J. Ayers, Executive Director, Public Staff, 4326 Mail Service Center, Raleigh, North Carolina 27699-4326.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Roy Cooper, Attorney General, 9001 Mail Service Center, Raleigh, North Carolina, 27699-9001.

Written statements are not evidence unless the writers appear at a public hearing and testify concerning the information contained in their written statements.

ISSUED BY ORDER OF THE COMMISSION.

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled an additional public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The additional public hearing is scheduled to begin at 10:00 a.m. on Tuesday, July 7, 2015, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of G.S. 62-133.9 and Commission Rule RB-69, for the purpose of determining whether an increment or decrement rider is required to allow DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. The Commission conducted a public hearing in this proceeding, as well as an evidentiary hearing to receive the testimony and exhibits of expert witnesses, on June 2, 2015. The additional public hearing is being held to allow the opportunity for public comment and testimony on Duke Energy Carolinas, LLC's revised proposed total DSM and EE rates in this proceeding.

On March 4, 2015, Duke Energy Carolinas, LLC, filed an application and testimony relative to the subject matter of the proceeding. By its application DEC requested a total annual revenue decrease of approximately \$26.8 million, effective January 1, 2016, from the DSM/EE rider currently in effect. PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled an additional public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The additional public hearing is scheduled to begin at 10:00 a.m. on Tuesday, July 7, 2015, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of G.S. 62-133.9 and Commission Rule R8-69, for the purpose of determining whether an increment or decrement rider is required to allow DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. The Commission conducted a public hearing in this proceeding, as well as an evidentiary hearing to receive the testimony and exhibits of expert witnesses, on June 2, 2015. The additional public hearing is being held to allow the opportunity for public comment and testimony on Duke Energy Carolinas, LLC's revised proposed total DSM and EE rates in this proceeding.

On March 4, 2015, Duke Energy Carolinas, LLC, filed an application and testimony relative to the subject matter of the proceeding. By its application DEC requested a total annual revenue decrease of approximately \$26.8 million, effective January 1, 2016, from the DSM/EE rider currently in effect. This request would have resulted in a decrease of 0.2415 cents per kilowatt-hour (kWh) for residential customers. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, as initially proposed by DEC the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would have increased by 0.1147 cents per kWh.

Through supplemental testimony and exhibits filed on May 15, 2015, after the notice of the original proposed changes had been published pursuant to the Commission's Order Scheduling Hearing, Requiring Filing of Testimony, Establishing Discovery Guidelines, and Requiring Public Notice, DEC revised its proposed DSM/EE rider to request a smaller, \$25.8 million decrease in total annual revenue. Accordingly, DEC's revised request would result in a decrease of 0.2368 cents per kWh for residential customers. The effect of this request would decrease the monthly bill of a residential customer using 1,000 kWh of electricity by \$2.37. The effect of DEC's revised request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, DEC's revised rates for non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would result in an increase of 0.1144 cents per kWh.

Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to G.S. 62-133.9 are not subject to the DSM/EE rider.

Further information may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public. Also, documents may be viewed on the Commission's website at www.ncuc.net.

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Correspondence concerning the DSM/EE rider proceeding and the additional hearing scheduled thereon should be directed to the Public Staff. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Christopher J. Ayers, Executive Director, Public Staff, 4326 Mail Service Center, Raleigh, North Carolina 27699-4326.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Roy Cooper, Attorney General, 9001 Mail Service Center, Raleigh, North Carolina, 27699-9001.

Written statements are not evidence unless the writers appear at a public hearing and testify concerning the information contained in their written statements.

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled an additional public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The additional public hearing is scheduled to begin at 10:00 a.m. on Tuesday, July 7, 2015, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of G.S. 62-133.9 and Commission Rule R8-69, for the purpose of determining whether an increment or decrement rider is required to allow DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. The Commission conducted a public hearing in this proceeding, as well as an evidentiary hearing to receive the testimony and exhibits of expert witnesses, on June 2, 2015. The additional public hearing is being held to allow the opportunity for public comment and testimony on Duke Energy Carolinas, LLC's revised proposed total DSM and EE rates in this proceeding.

On March 4, 2015, Duke Energy Carolinas, LLC, filed an application and testimony relative to the subject matter of the proceeding. By its application DEC requested a total annual revenue decrease of approximately \$26.8 million, effective January 1, 2016, from the DSM/EE rider currently in effect. This request would have resulted in a decrease of 0.2415 cents per kilowatt-hour (kWh) for residential customers. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, as initially proposed by DEC the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would have increased by 0.1147 cents per kWh.

Through supplemental testimony and exhibits filed on May 15, 2015, after the notice of the original proposed changes had been published pursuant to the Commission's Order Scheduling Hearing, Requiring Filing of Testimony, Establishing Discovery Guidelines, and Requiring Public Notice, DEC revised its proposed DSM/EE rider to request a smaller, \$25.8 million decrease in total annual revenue. Accordingly, DEC's revised request would result in a decrease of 0.2368 cents per kWh for residential customers. The effect of this request would decrease the monthly bill of a residential customer using 1,000 kWh of electricity by \$2.37. The effect of DEC's revised request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, DEC's revised rates for non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would result in an increase of 0.1144 cents per kWh.

Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to G.S. 62-133.9 are not subject to the DSM/EE rider.

Further information may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public. Also, documents may be viewed on the Commission's website at www.ncuc.net.

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Correspondence concerning the DSM/EE rider proceeding and the additional hearing scheduled thereon should be directed to the Public Staff. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Christopher J. Ayers, Executive Director, Public Staff, 4326 Mail Service Center, Raleigh, North Carolina 27699-4326.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Roy Cooper, Attorney General, 9001 Mail Service Center, Raleigh, North Carolina, 27699-9001. Written statements are not evidence unless the writers appear at a public hearing and testify concerning the information contained in their written statements.

for Approval of Demand-Side Management)	
and Energy Efficiency Cost Recovery Rider)	
Pursuant to G.S. 62-133.9 and Commission)	PUBLIC NOTICE
Rule R8-69)	

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled an additional public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The additional public hearing is scheduled to begin at 10:00 a.m. on Tuesday, July 7, 2015, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of G.S. 62-133.9 and Commission Rule R8-69, for the purpose of determining whether an increment or decrement rider is required to allow DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. The Commission conducted a public hearing in this proceeding, as well as an evidentiary hearing to receive the testimony and exhibits of expert witnesses, on June 2, 2015. The additional public hearing is being held to allow the opportunity for public comment and testimony on Duke Energy Carolinas, LLC's revised proposed total DSM and EE rates in this proceeding.

On March 4, 2015, Duke Energy Carolinas, LLC, filed an application and testimony relative to the subject matter of the proceeding. By its application DEC requested a total annual revenue decrease of approximately \$26.8 million, effective January 1, 2016, from the DSM/EE rider currently in effect. This request would have resulted in a decrease of 0.2415 cents per kilowatt-hour (kWh) for residential customers. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, as initially proposed by DEC the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would have increased by 0.1147 cents per kWh.

Through supplemental testimony and exhibits filed on May 15, 2015, after the notice of the original proposed changes had been published pursuant to the Commission's Order Scheduling Hearing, Requiring Filing of Testimony, Establishing Discovery Guidelines, and Requiring Public Notice, DEC revised its proposed DSM/EE rider to request a smaller, \$25.8 million decrease in total annual revenue. Accordingly, DEC's revised request would result in a decrease of 0.2368 cents per kWh for residential customers. The effect of this request would decrease the monthly bill of a residential customer using 1,000 kWh of electricity by \$2.37. The effect of DEC's revised request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, DEC's revised rates for non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would result in an increase of 0.1144 cents per kWh.

Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to G.S. 62-133.9 are not subject to the DSM/EE rider.

Further information may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public. Also, documents may be viewed on the Commission's website at www.ncuc.net.

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Correspondence concerning the DSM/EE rider proceeding and the additional hearing scheduled thereon should be directed to the Public Staff. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Christopher J. Ayers, Executive Director, Public Staff, 4326 Mail Service Center, Raleigh, North Carolina 27699-4326.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Roy Cooper, Attorney General, 9001 Mail Service Center, Raleigh, North Carolina, 27699-9001.

Written statements are not evidence unless the writers appear at a public hearing and testify concerning the information contained in their written statements.

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled an additional public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The additional public hearing is scheduled to begin at 10:00 a.m. on Tuesday, July 7, 2015, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of G.S. 62-133.9 and Commission Rule R8-69 for the purpose of determining whether an increment or decrement rider is required to allow DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. The Commission conducted a public hearing in this proceeding, as well as an evidentiary hearing to receive the testimony and exhibits of expert witnesses, on June 2, 2015. The additional public hearing is being held to allow the opportunity for public comment and testimony on Duke Energy Carolinas, LLC's revised proposed total DSM and EE rates in this proceeding.

On March 4, 2015, Duke Energy Carolinas, LLC, filed an application and testimony relative to the subject matter of the proceeding. By its application DEC requested a total annual revenue decrease of approximately \$26.8 million, effective January 1, 2016, from the DSM/EE rider currently in effect. This request would have resulted in a decrease of 0.2415 cents per kilowatt-hour (kWh) for residential customers. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, as initially proposed by DEC the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would have increased by 0.1147 cents per kWh.

Through supplemental testimony and exhibits filed on May 15, 2015, after the notice of the original proposed changes had been published pursuant to the Commission's Order Scheduling Hearing, Requiring Filing of Testimony, Establishing Discovery Guidelines, and Requiring Public Notice, DEC revised its proposed DSM/EE rider to request a smaller, \$25.8 million decrease in total annual revenue. Accordingly, DEC's revised request would result in a decrease of 0.2368 cents per kWh for residential customers. The effect of this request would decrease the monthly bill of a residential customer using 1,000 kWh of electricity by \$2.37. The effect of DEC's revised request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, DEC's revised rates for non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would result in an increase of 0.1144 cents per kWh.

Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to G.S. 62-133.9 are not subject to the DSM/EE rider.

Further information may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public. Also, documents may be viewed on the Commission's website at www.ncuc.net.

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Correspondence concerning the DSM/EE rider proceeding and the additional hearing scheduled thereon should be directed to the Public Staff. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter.
