Re: Docket No. EMP-118, Subs 0 & 1 – Informational Filing re Amended Site Control Agreements

Dear Chief Clerk:

Timbermill Wind, LLC (“Timbermill”) makes this informational filing in follow-up to the September 29, 2021 testimony of Public Staff witness Jeff T. Thomas. In his testimony, Mr. Thomas noted that, due to the number of site control agreements and the timeline of the project, several of Timbermill’s site control agreements have expired or will expire soon. Since the filing of Mr. Thomas’s testimony, Timbermill has secured amendments to the expired site control agreements and has provided copies to the Public Staff. Timbermill has unexpired site control over the entire Project Area.

Please let us know if you have any questions.

Sincerely,

/s/ Katherine E. Ross
