*Re: Docket No. E-22, Sub 577
Application for Approval of a Cost Recovery Rider for Demand-Side
Management and Energy Efficiency Measures*

Dear Ms. Campbell:

Enclosed for filing in the above-referenced proceeding on behalf of Virginia Electric and Power Company, d/b/a Dominion Energy North Carolina (the "Company"), is its *Confidential Pages* to its Evaluation, Measurement and Verification Report ("Report") as filed on this date under separate cover.

Portions of the Report contain confidential information, which qualifies as "trade secrets" under N.C.G.S. § 66-152(3). If this information were to be publicly disclosed, it would allow competitors, vendors, and other market participants to gain access to the projected or actual costs for goods or services that will be or have been competitively bid. Public disclosure of this information may provide commercial value to external vendors and may ultimately result in harm to ratepayers. Pursuant to N.C.G.S. § 132-1.2, the Company requests that the information marked "**Confidential**" be protected from public disclosure. The Company will make the information available to other parties pursuant to an appropriate nondisclosure agreement.

Thank you for your assistance in this matter. Please do not hesitate to contact me if you need any additional information.

Very truly yours,

/s/E. Brett Breitschwerdt
