E-2 Sub 1324

Message

As a consumer of Duke Energy and having no other options for heating my home at this time, I wish to express my disapproval of the recent and ridiculous rate increases. The rider rate increase in one month of nearly 20% was more than significant and was noticed by many people I spoke with this week alone. Consumer costs are going through the roof and I find it difficult to believe Duke Power is truly suffering along with us. This rate increase should be rescinded.
