P1. DOCKET NO. W-218, SUB 557 – AQUA NORTH CAROLINA, INC. – REQUEST FOR TARIFF REVISION

EXPLANATION: On August 20, 2021, Aqua North Carolina, Inc. (Aqua or Company), filed a verified petition with the Commission, pursuant to N.C. Gen. Stat. § 62-133.11, requesting authority to amend its tariff for the purpose of passing along to its metered water customers in 55 subdivisions in Johnston County an increase in the cost of purchasing water service from Johnston County Department of Public Utilities (County).

Aqua states that, effective September 1, 2021, the County increased its usage rate charged to Aqua by \$0.17 per 1,000 gallons, from \$2.85 to \$3.02 per 1,000 gallons. Aqua requests to increase the usage charge applicable to these customers for service rendered on and after September 1, 2021, to pass along this increase in the cost of purchasing water service from the County.

Aqua's current water usage rate became effective on November 24, 2020, upon issuance of the Commission's Order Approving Tariff Revision and Requiring Customer Notice in Docket No. W-218, Sub 540. After taking into account the effect of the County's base charge and 0.13% regulatory fee, Aqua requests authority to increase its water usage rate from \$2.86 to \$3.03 per 1,000 gallons to reflect the increase in the cost of purchasing water service from the County. The monthly base facility charge for a <1" meter remains \$20.70.

Under the new water usage rate, the average residential customer's monthly water bill will increase by \$0.85, from \$35.00 to \$35.85 based upon 5,000 gallons of usage.

The Public Staff – North Carolina Utilities Commission (Public Staff) has reviewed the County's rates and recommends that Aqua's request for a tariff revision be approved.

EXHIBIT: The Public Staff's proposed order is attached as [Exhibit No. P-1](#).

RECOMMENDATION: (Junis/Henry/Jost) That the Commission issue the Public Staff's proposed order approving the requested tariff revision and requiring customer notice.

P2. DOCKET NO. W-218, SUB 559 – AQUA NORTH CAROLINA, INC. –
REQUEST FOR TARIFF REVISION

EXPLANATION: On August 19, 2021, Aqua North Carolina, Inc. (Aqua or Company), filed a verified petition with the Commission, pursuant to N.C. Gen. Stat. § 62-133.11, requesting authority to amend its tariff for the purpose of passing along to its metered water customers in Chapel Ridge, Laurel Ridge, and The Parks at Meadowview in Chatham County an increase in the cost of purchasing water service from the Town of Pittsboro (Pittsboro).

Aqua states that, effective July 1, 2021, Pittsboro increased its minimum charge, including 500,000 gallons of usage, by \$3,110 per month, from \$7,190 to \$10,300 per month and its usage rate, above 500,000 gallons, by \$6.22 per 1,000 gallons, from \$14.38 to \$20.60 per 1,000 gallons. Aqua requests to immediately increase the usage charge applicable to these customers to pass along the increase in the cost of purchasing water service from Pittsboro.

Aqua's current water usage rate became effective on December 7, 2020, upon issuance of the Commission's Order Approving Tariff Revision and Requiring Customer Notice in Docket No. W-218, Sub 545. After taking into account the effect of Pittsboro's minimum charge and 0.13% regulatory fee, Aqua requests authority to increase its water usage rate from \$14.40 to \$20.63 per 1,000 gallons to reflect the increase in the cost of purchasing water service from the County. The monthly base facility charge for a <1" meter remains \$20.70.

Under the new water usage rate, the average residential customer's monthly water bill will increase by \$31.15, from \$92.70 to \$123.85 based upon 5,000 gallons of usage.

The Public Staff – North Carolina Utilities Commission (Public Staff) has reviewed Pittsboro's rates and recommends that Aqua's request for a tariff revision be approved.

P3. DOCKET NO. W-218, SUB 560 – AQUA NORTH CAROLINA, INC. –
REQUEST FOR TARIFF REVISION

EXPLANATION: On August 30, 2021, Aqua North Carolina, Inc. (Aqua or Company), filed a verified petition with the Commission, pursuant to N.C. Gen. Stat. § 62-133.11, requesting authority to amend its tariff for the purpose of passing along to developers an increase in the bulk water capacity fee from Johnston County Department of Public Utilities (County).

Aqua states that, effective October 1, 2021, the County is increasing its bulk water capacity fee charged to Aqua by \$0.75 per gallon per day (gpd) of average capacity, from \$6.25 to \$7.00 per gpd. Aqua requests to increase the water capacity fee applicable to developers for service rendered on and after October 1, 2021, to pass along the increase in the cost of purchasing bulk water capacity from the County.

Aqua's current bulk water capacity fee became effective on October 26, 2020, upon issuance of the Commission's Order Approving Partial Settlement Agreement and Stipulation, Deciding Contested Issues, Granting Partial Rate Increase, and Requiring Customer Notice in Docket No. W-218, Sub 526. Aqua requests authority to increase its water capacity fee from \$6.25 per gpd to \$7.00 per gpd to reflect the increase in the cost of purchasing bulk water capacity from the County. The bulk wastewater capacity fee remains \$11.00 per gpd, including transmission and treatment capacity.

The Public Staff – North Carolina Utilities Commission (Public Staff) has reviewed the County's bulk capacity fees and recommends that Aqua's request for a tariff revision be approved.

EXHIBIT: The Public Staff's proposed order is attached as [Exhibit No. P-3](#).

RECOMMENDATION: (Junis/Henry/Jost) That the Commission issue the Public Staff's proposed order approving the requested tariff revision.

ORDER APPROVING
TARIFF REVISION
AND REQUIRING
CUSTOMER NOTICE

BY THE COMMISSION: On August 20, 2021, Aqua North Carolina, Inc. (Aqua or Company), filed a verified petition with the Commission, pursuant to N.C. Gen. Stat. § 62-133.11, requesting authority to amend its tariff for the purpose of passing along to its metered water customers in 55 subdivisions in Johnston County an increase in the cost of purchasing water service from Johnston County Department of Public Utilities (County).¹ N.C.G.S. § 62-133.11(a) provides that the Commission shall allow a water or sewer utility to adjust its rates approved pursuant to N.C.G.S. § 62-133 to reflect changes in its costs based solely on changes in the rates imposed by third-party suppliers of purchased water or sewer service.

Aqua stated that, effective September 1, 2021, the County increased its usage rate charged to Aqua by \$0.17 per 1,000 gallons, from \$2.85 to \$3.02 per 1,000 gallons. Aqua requested to increase the usage charge applicable to these customers for service rendered on and after September 1, 2021 to pass along this increase in the cost of purchasing water service from the County.

Aqua's current water usage rate became effective on November 24, 2020, upon issuance of the Commission's Order Approving Tariff Revision and Requiring Customer Notice in Docket No. W-218, Sub 540. After taking into account the effect of the County's base charge and 0.13% regulatory fee, Aqua requested authority to increase its water usage rate from \$2.86 to \$3.03 per 1,000 gallons to reflect the increase in the cost of

¹ Aqua has not been issued a Certificate of Public Convenience and Necessity for Whitley Corner at Flowers in Docket No. W-218, Sub 542, and does not presently serve any customers in Whitley Corner at Flowers. Therefore, Whitley Corner at Flowers was not included in the revised tariff and the number of subdivisions was reduced from 56 to 55.

purchasing water service from the County.² The monthly base facility charge for a <1” meter remains \$20.70.

Under the new water usage rate, the average residential customer's monthly water bill will increase by \$0.85, from \$35.00 to \$35.85 based upon 5,000 gallons of usage.

The Public Staff – North Carolina Utilities Commission (Public Staff) presented this matter at the Commission’s Staff Conference on October 4, 2021. The Public Staff stated that it (1) had reviewed the County’s rates and the Company’s request and (2) recommended that the Commission approve the tariff revision at the proposed rates for service rendered on and after the date of this order and require customer notice.

Based upon the foregoing, the Commission finds that Aqua should be allowed to pass through the costs associated with the increased purchased water expense.

IT IS, THEREFORE, ORDERED as follows:

1. That Aqua North Carolina, Inc., is granted a revision to Appendix A-2 of its tariff for water utility service in 55 subdivisions in Johnston County in which it purchases and resells water from the Johnston County Department of Public Utilities, as set forth herein.

2. That the revised Appendix A-2 attached hereto is approved and deemed filed with the Commission pursuant to N.C.G.S. § 62-138. This Schedule of Rates shall become effective for service rendered on and after the date of this Order.

3. That the Notice to Customers, attached hereto as Appendix B, shall be mailed with sufficient postage or hand delivered by Aqua to all of its affected customers in the 55 subdivisions contemporaneously with the next billing of customers, and that Aqua shall submit to the Commission the attached Certificate of Service, properly signed and notarized, no later than ten days after the date of the next billing.

² The Public Staff agreed with the proposed rate, however, the Public Staff stated there is not an allocation of the County’s base charge in the usage charge approved for Aqua to charge its customers. The \$0.01 gross-up is attributable to the 0.13% regulatory fee and is rounded to the full penny to avoid that cost being allocated to other Aqua customers (i.e., ANC Water customers), which was part of rate design to sufficiently fund the revenue requirement in Docket No. W-218, Sub 526.

BY THE COMMISSION: On August 19, 2021, Aqua North Carolina, Inc. (Aqua or Company), filed a verified petition with the Commission, pursuant to N.C. Gen. Stat. § 62-133.11, requesting authority to amend its tariff for the purpose of passing along to its metered water customers in Chapel Ridge, Laurel Ridge, and The Parks at Meadowview in Chatham County an increase in the cost of purchasing water service from the Town of Pittsboro (Pittsboro). N.C.G.S. § 62-133.11(a) provides that the Commission shall allow a water or sewer utility to adjust its rates approved pursuant to N.C.G.S. § 62-133 to reflect changes in its costs based solely on changes in the rates imposed by third-party suppliers of purchased water or sewer service.

Aqua stated that, effective July 1, 2021, Pittsboro increased its minimum charge, including 500,000 gallons of usage, by \$3,110 per month, from \$7,190 to \$10,300 per month and its usage rate, above 500,000 gallons, by \$6.22 per 1,000 gallons, from \$14.38 to \$20.60 per 1,000 gallons. Aqua's current water usage rate became effective on December 7, 2020, upon issuance of the Commission's Order Approving Tariff Revision and Requiring Customer Notice in Docket No. W-218, Sub 545. The monthly base facility charge for a <1" meter remains \$20.70.

Under the new water usage rate, the average residential customer's monthly water bill will increase by \$31.15, from \$92.70 to \$123.85 based upon 5,000 gallons of usage.

The Public Staff – North Carolina Utilities Commission (Public Staff) presented this matter at the Commission’s Staff Conference on October 4, 2021. The Public Staff stated that it (1) had reviewed Pittsboro’s rates and the Company’s request and (2) recommended that the Commission approve the tariff revision at the proposed rates for service rendered on and after the date of this order and require customer notice.

Based upon the foregoing, the Commission finds that Aqua should be allowed to pass through the costs associated with the increased purchased water expense.

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION**

Notice is given that the North Carolina Utilities Commission has granted Aqua North Carolina, Inc. (Aqua or Company) an increase in its water usage rate for customers in Chapel Ridge, Laurel Ridge, and The Parks at Meadowview in Chatham County, North Carolina.

Aqua filed a verified petition with the Commission pursuant to N.C. Gen. Stat. § 62-133.11, requesting authority to amend its tariff for the purpose of passing along to water customers in Chapel Ridge, Laurel Ridge, and The Parks at Meadowview an increase in the cost of purchasing water service from the Town of Pittsboro (Pittsboro). N.C.G.S. § 62-133.11(a) provides that the Commission shall allow a water or sewer utility to adjust its rates approved pursuant to N.C.G.S. § 62-133 to reflect changes in its costs based solely on changes in the rates imposed by third-party suppliers of purchased water or sewer service.

The Public Staff – North Carolina Utilities Commission (Public Staff) reviewed Aqua’s petition and recommended that Aqua be allowed to increase its water usage rate by \$6.23 per 1,000 gallons from \$14.40 to \$20.63 per 1,000 gallons effective for service rendered on and after the date of this Notice. The monthly base facility charge for a <1” meter remains \$20.70.

The new water usage rate will increase the average residential monthly water bill by \$31.15, from \$92.70 to \$123.85 based upon 5,000 gallons of usage.

ORDER APPROVING
TARIFF REVISION

BY THE COMMISSION: On August 30, 2021, Aqua North Carolina, Inc. (Aqua or Company), filed a verified petition with the Commission, pursuant to N.C. Gen. Stat. § 62-133.11, requesting authority to amend its tariff for the purpose of passing along to developers an increase in the bulk water capacity fee from Johnston County Department of Public Utilities (County). N.C.G.S. § 62-133.11(a) provides that the Commission shall allow a water or sewer utility to adjust its rates approved pursuant to N.C.G.S. § 62-133 to reflect changes in its costs based solely on changes in the rates imposed by third-party suppliers of purchased water or sewer service.

Aqua stated that, effective October 1, 2021, the County is increasing its bulk water capacity fee charged to Aqua by \$0.75 per gallon per day (gpd) of average capacity, from \$6.25 to \$7.00 per gpd. Aqua requested to increase the water capacity fee applicable to developers for service rendered on and after October 1, 2021, to pass along this increase in the cost of purchasing bulk water capacity from the County.

Aqua’s current bulk water capacity fee became effective on October 26, 2020, upon issuance of the Commission’s its Order Approving Partial Settlement Agreement and Stipulation, Deciding Contested Issues, Granting Partial Rate Increase, and Requiring Customer Notice in Docket No. W-218, Sub 526. Aqua requested authority to increase its water capacity fee from \$6.25 to \$7.00 per gpd to reflect the increase in the cost of purchasing bulk water capacity from the County. The bulk wastewater capacity fee remains \$11.00 per gpd, including transmission and treatment capacity.

The Public Staff – North Carolina Utilities Commission (Public Staff) presented this matter at the Commission’s Staff Conference on October 4, 2021. The Public Staff stated that it (1) had reviewed the County’s bulk water and wastewater capacity fees and the

Company's request and (2) recommended that the Commission approve the tariff revision at the proposed rates for service rendered on and after the date of this Order.

Based upon the foregoing, the Commission finds that Aqua should be allowed to increase its water capacity fee per gpd to reflect the increased cost of bulk water capacity purchased from the County.

IT IS, THEREFORE, ORDERED as follows:

1. That Aqua North Carolina, Inc., is granted revisions to Appendix A-1 and Appendix A-3 of its tariff for bulk water and wastewater capacity from the Johnston County Department of Public Utilities, as set forth herein.

2. That the revised Appendix A-1 and Appendix A-3 attached hereto are approved and deemed filed with the Commission pursuant to N.C.G.S. § 62-138. These Schedules of Rates shall become effective for service rendered on and after the date of this Order.

ISSUED BY ORDER OF THE COMMISSION.

This the ____ day of October, 2021.

Notes:

- 1/ The Utility, at its expense, may install a meter and charge the metered rate.
- 2/ In most areas, connection charges do not apply pursuant to contract and only the \$70.00 meter installation fee will be charged to the first person requesting service (generally the builder). Where Aqua NC must make a tap to an existing main, the charge will be \$800.00, and where main extension is required, the charge will be 120% of the actual cost.

- 3/ Individual connections outside franchised service areas may be made pursuant to this tariff in the following circumstances: (1) upon request of a bona fide customer as that term is defined in Commission Rule R7-16(a)(1); (2) the customer shall be located either within 100 ft. of a Franchised Service Area or located within 100 ft. of an existing Aqua NC main; and (3) the request may come from no more than two customers located in the same area (requests for more than two connections require an application for a new franchise or a request for approval of a contiguous extension). To connect such a customer, Aqua NC shall file a notice with the Commission in Docket No. W-218, Sub 177, at least 30 days before it intends to make the tap. This notice shall include an explanation of the circumstances requiring the tap and an 8.5" x 11" map showing the location of the tap in relation to Aqua NC's existing main. If the Public Staff does not object to the tap within the 30-day period, or upon written notice within that period from the Public Staff that it will not object, Aqua NC may proceed with the connection.
- 4/ Actual cost for such a connection shall include installation of a 6" or smaller main extension (if necessary), tap of the main, service line, road bore (if necessary), meter box, meter, backflow preventer (if necessary), and Aqua NC's direct labor costs. Aqua NC shall give a written cost quote to the customer(s) applying for connection before actually beginning the installation work.
- 5/ When service is disconnected and reconnected by the same unit owner within a period of less than nine months, the entire flat rate and/or base charge rate will be due and payable before the service will be reconnected.
- If sewer disconnection is required, after all reasonable efforts by the Utility to encourage the customer to comply with the provisions of the tariff have been made, the Utility may install a valve or other device appropriate to cut off or block the customer sewer line.
- Prior to disconnection, the Utility shall give the customer written notice at least seven days prior to disconnection. Said notice shall include, at the minimum, a copy of this reconnect provision, the estimated cost to make the cut off, and install the valve or other device.
- In the event that an emergency or dangerous condition is found or fraudulent use is detected, sewer service may be cut off without notice. In such an event, notice as described above, will be given as soon as possible.
- Upon payment of outstanding balance, actual cost of termination and reconnection and other fees (for example, deposit if required by the Utility), the Utility shall restore the service no later than the next business day.
- 6/ Aqua NC is authorized to include on its monthly water bill the charges resulting from sewer service provided by the Town of Cary, the Town of Fuquay-Varina, Wake County, and various Commission appointed emergency operators where specifically approved by the Commission. Aqua NC will bill the Town of Cary, the Town of Fuquay-Varina, Wake County, or appointed emergency operator \$2.00 per month per bill for providing this service.
