In the Matter of		
Petition for Approval of Revisions to)	ORDER GRANTING FURTHER
Generator Interconnection Standards)	EXTENSION OF TIME
)	

BY THE CHAIR: On June 25, 2021, the Commission issued an Order Granting Further Extension of time for parties to file reply comments regarding the generator inspection provisions of the North Carolina Generator Interconnection Standard. The Order allowed parties to reply comments on or before July 26, 2021.

On July 26, 2021, the Carolinas Clean Energy Business Association (CCEBA) filed a motion requesting a further extension of time to file reply comments on the issues related to the generator inspection provisions of the North Carolina Generator Interconnection Standard. In the motion, CCEBA stated that Strata Solar, LLC and Strata Solar Development, LLC (together, Strata) and Duke Energy Carolinas, LLC, and Duke Energy Progress, LLC (together, Duke) had been working to resolve these issues and have drafted a Memorandum of Agreement (MOA). CCEBA noted that while Strata and Duke provided updates on their progress in resolving these issues CCEBA did not receive a copy of the MOA until Thursday, July 22, 2021. CCEBA further stated in its motion that as the MOA will have implications for all solar generators CCEBA needs additional time to discuss the implications of the MOA with its members. The motion further stated that the Strata, Duke, and the Public Staff do not object to the requested extension of time.

Based on the motion and the record as a whole, the Chair finds good cause to grant an extension for parties to file reply comments generator inspection provisions of the North Carolina Generator Interconnection Standard. Parties may file reply comments on or before August 5, 2021.

IT IS, THEREFORE, SO ORDERED.

ISSUED BY ORDER OF THE COMMISSION.

This the 26th day of July, 2021.
