Re: Docket No. G-9, Subs 698B & 810

Dear Ms. Dunston:

Pursuant to the November 18, 2022, Order in Docket No. G-9, Sub 698, attached please find Cardinal Bio Energy, LLC's ("Cardinal") **non-confidential** periodic status report on its Laurinburg, North Carolina project (the "Laurinburg project"). Please note, since the last status report, Cardinal has consolidated its activities in North Carolina with Monarch Bio Energy, LLC ("Monarch"). Notwithstanding that development, the data and information in the attached status report relate only to the Laurinburg project and do not address other activities of the consolidated entities. In the future, separate reports will be filed for the Laurinburg project and the other activities of the consolidated entities.

If you have any questions, please do not hesitate to contact me. Thank you for your attention to this matter.
