**Re: *Historical Review of 2018 REPS Plan*
Docket Nos. E-100, Sub 157 & E-100, Sub 182**

Dear Ms. Dunston:

Enclosed for filing are Virginia Electric and Power Company d/b/a Dominion Energy North Carolina's ("DENC" or "the Company") Confidential pages of its historical review of the 2018 North Carolina Renewable Energy and Energy Efficiency Portfolio Standard Compliance Plan ("2018 REPS Plan"), as originally filed on September 1, 2018, in Docket No. E-100, Sub 157. These Confidential pages are being filed contemporaneously with the Public Redacted version of the historical review of the 2018 REPS Plan. While the Company has determined that certain information redacted from the 2018 REPS Plan and originally filed confidentially under seal should no longer be withheld from public disclosure, information identifying renewable energy credit ("REC") contract counter-parties and REC pricing for active REC contracts remains commercially sensitive. Public disclosure of this information could potentially harm the Company's ability to negotiate and procure cost-effective RECs for future REPS compliance. Accordingly, the Company continues to designate this information as confidential trade secret information pursuant to N.C. Gen. Stat. § 132-1.2. The Company will make this information available to other parties pursuant to an appropriate nondisclosure agreement.

Ms. A. Shonta Dunston, Chief Clerk
