**RE: Duke Energy Progress, LLC's Request for Waiver of Commission Rule
R8-67(h)(11)
Docket No. E-2, Sub 1293**

Dear Ms. Dunston:

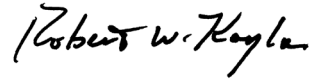

Pursuant to Commission Rule R8-67(h)(11), June 1 is the annual deadline to enter North Carolina retail sales per megawatt-hour in NC-RETS for Duke Energy Carolinas, LLC ("DEC"), Duke Energy Progress, LLC ("DEP") and the wholesale customers for which DEC and DEP perform Renewable Energy and Energy Efficiency Portfolio Standards ("REPS") compliance services. On June 3, 2022, DEC completed its entry of retail sales megawatt hours for itself and the five wholesale customers for which it provides REPS compliance services as the utility compliance aggregator, after a slight delay for extended verification of its data.

The purpose of this letter is to request waiver of the deadline for entering DEP retail sales data and the sales data for the wholesale customer for which it plans to provide REPS compliance services beginning in 2022. DEP was prepared to enter retail sales megawatt hours for itself and the wholesale customer prior to June 1, but discovered the functionality that previously existed in NC-RETS to add an aggregated electric power supplier is no longer available. The interface with NC-RETS allowing entry and submission of the data requires entry of numbers for both DEP and the wholesale customer before submitting. DEP contacted the NC-RETS administrator immediately to make them aware of the status of its compliance with the reporting requirement and has since followed up with them periodically requesting a solution. DEP respectfully requests a waiver of the June 1 deadline until such time the NC-RETS administrator provides a means to enter the data for both DEP retail and the wholesale customer for which it will provide REPS compliance services. We understand the urgency required as the sales are used to calculate each electric power supplier's REPS obligation (including its allocation of the statewide poultry

requirement) and NC-RETS monthly load-based fees. DEP will continue to work closely with the NC-RETS administrator to prevent any compromise to these calculations in the interim before a data entry solution is provided.

If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Robert W. Kaylor". The signature is written in a cursive style with a large, stylized initial 'R'.
