Subject: Duke increase
Date: Thursday, April 30, 2020 2:48:31 PM

Hello, I'm a lifelong resident of Buncombe County. I've not complained about the previous increases on electric service until now. Me and my husband are on disability and feel like now is the time to speak up. Because on a fixed income Everytime there's an increase in any cost for us it takes away from another necessities, such as food, etc. I want our voices heard in that we ask the increase NOT be approved this time. Especially given the extreme situation we are in with the virus. Thank you for taking the time to take this into consideration. Sincerely,

Angela Allen
