To Whom It May Concern,

I am writing to opt-out of any smart meter or radio frequency meter being installed on my property by any power or utility company, now or in the future. The health concerns are abundant with these devises and I do not wish for myself or my family to be exposed to these frequencies on a continual basis.

Thank you, Amy Enochs

To whom it may concern:

I have just written to notify Duke Energy that I am opting out of all radio frequency meters and future smart meter installations and do not give Duke Energy permission to install a smart meter on my home or property.

Sincerely,
