Dear Mike,

I, Alexander West, do agree with the rate increases and the \$25,000 bonds for our water and sewer systems that were recommended by the Public Staff. I also appreciate your time and the guidance to keep our system in compliance and in safe working order. Buddy is working very hard to fulfill all the items that have been mentioned by you and the Springdale community. We have already hired a company to make improvements on our infrastructure and are close to completing the separation of the Springdale Water & Sewer system into its own LLC.

Please don't hesitate to call if there is anything else that we can do.

Kind regards,

Alexander (Lex) West
