Raleigh, North Carolina 27699-4300

**Re: Technical Conference  
NCUC Docket No. E-100, Sub 165**

Dear Ms. Dunston:

I am writing on behalf of NC WARN and The Center for Biological Diversity ("The Center"). Pursuant to the N.C. Utilities Commission's (the "Commission") Order dated August 24, 2021, NC WARN and The Center were provided the option to make presentations during the Technical Conference currently scheduled for September 30, 2021 and October 1, 2021. NC WARN and The Center greatly appreciate this opportunity. However, NC WARN and The Center did not file comments or sponsor expert reports in the above-referenced docket on any of the three issues identified by the Commission for discussion during the Technical Conference. Accordingly, NC WARN and The Center have decided to not make presentations during the Technical Conference. Our hope is that this decision will provide more presentation time for other parties who did file comments on the three issues under discussion during the Technical Conference.

Please let me know if you have any questions or concerns.

Very sincerely yours,

LEWIS & ROBERTS, PLLC

  
Matthew D. Quinn
