and Energy Efficiency Portfolio Standard Cost) DISCOVERY GUIDELINES, AND
Rider Pursuant to N.C.G.S. § 62-133.8 and) REQUIRING PUBLIC NOTICE
Commission Rule R8-67)

BY THE COMMISSION: In August 2007, North Carolina enacted comprehensive energy legislation, Session Law 2007-397 (Senate Bill 3) that, among other things, establishes a Renewable Energy and Energy Efficiency Portfolio Standard (REPS) for this State and a procedure for cost recovery of REPS expenditures. Pursuant to N.C. Gen. Stat. § 62-133.8(h), the Commission is required to conduct an annual REPS rider proceeding for each electric public utility to recover all reasonable and prudent incremental costs incurred to comply with the REPS requirement, with specified per-account caps for customers in each customer class. Further, pursuant to Commission Rule R8-67(e) the Commission will establish an REPS experience modification factor (EMF) rider to allow the electric public utility to collect the difference between reasonable and prudently incurred incremental costs and the revenues that were actually realized during the test period under the REPS rider then in effect. In addition, Commission Rule R8-67(e) provides that the annual REPS cost recovery rider hearing for each electric public utility will be scheduled as soon as practicable after the annual fuel and fuel-related charge adjustment proceeding hearing held by the Commission for the electric public utility under Commission Rule R8-55, that each electric public utility shall file direct testimony and exhibits at the same time that it files the information required by Rule R8-55, and that each electric public utility shall publish notice prior to the REPS hearing.

Commission Rule R8-67(c) requires each electric public utility to file an annual report describing the electric public utility's compliance with the REPS requirement during the previous calendar year. Rule R8-67(c) further provides that the annual REPS compliance report will be reviewed by the Commission at a hearing following public notice and an opportunity for interested parties to intervene and file testimony.

On August 30, 2018, Virginia Electric and Power Company, d/b/a Dominion Energy North Carolina (DENC or Applicant), filed its 2017 REPS compliance report and application for approval of REPS cost recovery pursuant to N.C.G.S. § 62-133.8 and Commission Rule R8-67, along with direct testimony and exhibits supporting its cost recovery application and 2017 compliance report.

The Commission is of the opinion that good cause exists to schedule a hearing to consider DENC's application and 2017 REPS compliance report. The guidelines regarding discovery in this docket, subject to modification for good cause shown, are as follows:

1. Any deposition which a party desires to take shall be taken before the deadline for filing of Public Staff and intervenor testimony. Notice of deposition shall be served on all parties at least seven days prior to the taking of the deposition. Notice of deposition and all other discovery notices, requests and motions shall be served on the appropriate parties by hand delivery or facsimile, or by electronic delivery if the receiving party has agreed to receipt by electronic delivery.

2. Any motion for subpoena of a witness to appear at the evidentiary hearing shall be filed with the Commission before the deadline for filing of Public Staff and intervenor testimony, shall be served by hand delivery or facsimile to the person sought to be subpoenaed at or before the time of filing with the Commission, and shall make a reasonable showing that the evidence of such person will be material and relevant to an issue in the proceeding. See N.C.G.S. § 62-62. Unless an objection is filed, the Chief Clerk shall issue the requested subpoena 24 hours after such motion is filed.

3. Formal discovery requests related to the application and the Applicant's prefiled direct testimony shall be served on the Applicant not later than fourteen days prior to the deadline for filing of Public Staff and intervenor testimony. The party served shall have up to ten calendar days to file with the Commission objections to the discovery requests on an item-by-item basis, but in no event shall objections be filed later than ten days prior to the deadline for filing of Public Staff and intervenor testimony.

4. Formal discovery requests of the Public Staff or intervenors shall be served not later than three days after such testimony is filed. The party served shall have up to three calendar days to file with the Commission objections to the discovery requests on an item-by-item basis, but in no event shall objections be filed later than five days after that party's testimony was filed.

5. Formal discovery requests related to the Applicant's prefiled rebuttal testimony shall be served on the Applicant not later than two days after such testimony is filed. The party served shall have up to two calendar days to file with the Commission objections to the discovery requests on an item-by-item basis, but in no event shall objections be filed later than three days after the rebuttal testimony was filed. Discovery related to rebuttal testimony shall be limited to new material introduced in such rebuttal testimony and will be carefully scrutinized upon objection that such discovery should have been sought during the initial period of discovery from the Applicant.

6. Discovery requests need not be filed with the Commission when served; however, any party filing objections shall attach a copy of the relevant discovery request to the objections. Each discovery request, or part thereof, to which no objection is filed shall be answered by the time objections are due, subject to other agreement of the affected parties or other order of the Commission. Upon the filing of objections, the party seeking discovery shall have two days to file a motion to compel with the Commission, and the party objecting to discovery shall have one day thereafter to file a response. All

objections, motions to compel, and responses shall be served on the other affected party at or before the time of filing with the Commission.

7. A party shall not be granted an extension of time to pursue discovery because of that party's late intervention or other delay in initiating discovery.

The Commission recognizes that in the past most discovery has been conducted in an informal manner without the need for Commission involvement or enforcement, and that such has been generally successful. The above guidelines are without prejudice to the parties conducting informal discovery or exchanging information by agreement at any time with the understanding that such will not be enforceable by the Commission if outside the guidelines.

IT IS, THEREFORE, ORDERED as follows:

1. That a public hearing shall be, and is hereby, scheduled to begin immediately following the hearings in Docket Nos. E-22, Subs 558 and 556, which are scheduled to begin at 1:30 p.m. on Monday, November 5, 2018, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina, for the purpose of considering DENC's application for approval of REPS cost recovery and 2017 REPS compliance report;

2. That any person having an interest in this proceeding may file a petition to intervene stating such interest on or before Monday, October 22, 2018;

3. That the direct testimony and exhibits of the Public Staff and other intervenors shall be filed on or before Monday, October 22, 2018;

4. That DENC may file rebuttal testimony and exhibits on or before Wednesday, October 31, 2018;

5. That DENC shall publish the Notice attached hereto as Appendix A in a newspaper or newspapers having general circulation in its service area once a week for two successive weeks beginning at least 35 days prior to the hearing;

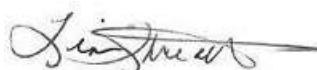

6. That DENC shall file affidavits of publication on or before the date of the hearing; and

7. That the parties shall comply with the discovery guidelines established herein.

ISSUED BY ORDER OF THE COMMISSION.

This the 7th day of September, 2018.
