Re: Pluris Webb Creek Rate Increase

Dear Commission,

Pluris Webb Creek is asking to raise my sewer utility rate from 37.69 per month to 73.38 per month. That is almost double the current rate. I understand the cost of this things increases, but this is ridiculous. I can understand a 10 % increase, but almost a 50% increase, especially in a time when people are unemployed due to the pandemic.

Please carefully look at the rate increase. I work two jobs, and my overall pay increase per year, as established by the NC General Assembly was only 1% last year. I would love a 50% pay raise, but that will never happen.

Thank you for your consideration in this matter.
