Re: clerical correction (E100, SUB 136 not SUB 130) to filings of February 27, 2015 for:

DOCKET NO. SP-4158, SUB 0	DOCKET NO. SP-4172, SUB 0
DOCKET NO. SP-4159, SUB 0	DOCKET NO. SP-4973, SUB 0
DOCKET NO. SP-4160, SUB 0	DOCKET NO. SP-4176, SUB 0
DOCKET NO. SP-4161, SUB 0	DOCKET NO. SP-4177, SUB 0
DOCKET NO. SP-4996, SUB 0	

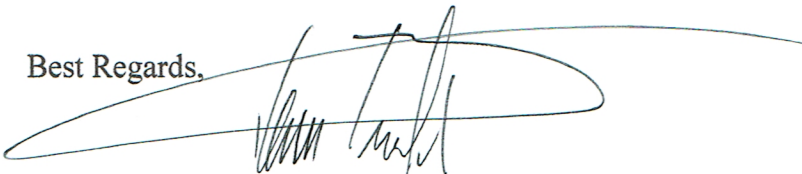

As a follow-up to a telephone conversation between Sam Watson, Dan Conrad and myself on or about March 2, 2015 initiated by legal executives from the North Carolina Utility Commission; and whereas the primary need to redact the confidential nature of my original filings of February 27, 2015 was discussed; we resolved to correct my error seeking relief from DOCKET E100, Sub 130, which in reality was an intended request for relief from the need for an existing legally enforceable obligation per DOCKET E100, Sub 136.

The nature of the request being to obtain compensation for the energy sold to DEP at avoided costs determined with DOCKET E100 SUB-136, which have been updated to a new compensation rate request model, reflected in DOCKET E100, SUB 140.

An Order Serving Requests for Waivers and Requiring Response on DEP, dated March 25, 2015 incorrectly identifies DOCKET E100, SUB 130 as erroneously reflected in the original February 27, 2015 filings, but corrected in a telephone call on or about March 2, 2015.

Therefore, please find this new request sufficient to resolve this clerical error and find for our request to obtain compensation for the qualifying facilities in development as reflected in Docket E100, SUB 136, as the wording of the initial waiver request and the finding by the Commission clearly make reference to Sub136 and not Sub 130.

Best Regards,
