July 14, 2008

Ladies & Gentlemen:

Mr. Dave Scanzoni of Duke Energy Connect Communications advises me that you are responsible for the installation of solar energy in our State.

Congratulations on your forward thinking to serve and preserve energy. It is my hope to be part of the first wave of conversion.

With every best wish for your success.

Yours truly,

818 Majestic Trace, Hendersonville, North Carolina 28739
