

**DOMINION ENERGY NORTH CAROLINA  
DOCKET NO. E-22, SUB 694  
TWELVE MONTHS ENDED AFTER DECEMBER 31, 2023**

**Item No. 45:**

Fully distributed cost of service studies for the test year based on the following:

- a. Per books
- b. Rates in effect at the time of the application annualized for the test year
- c. Rates proposed in the application annualized for the test year
- d. For studies noted in b and c above, supply the customer, demand, and energy related 1) deductions for electric operating revenue and 2) rate base for each rate schedule. Include all applicable workpapers including derivation of allocation factors.
- e. For studies noted in b and c above, supply customer, demand, energy, and combined demand and energy-related unit costs based on billing units and equalized rate of return.
- f. If not shown as a part of items 45a through e above, provide the jurisdictional allocation study showing each jurisdiction including the calculation of energy and demand allocation factors and all applicable work papers.

**Dominion Energy North Carolina
