Burlington, NC 27215

Re: Docket No. T-4933, Sub 0

Mr. David Dillard and Ms. Kelly Dillard:

Please find attached your Certificate of Exemption. Pursuant to Commission Order dated June 7, 2023, granting your application, you must identify all vehicles used in your household goods operation, whether leased or owned, by marking on both sides of all vehicles your name, city, state, and Certificate of Exemption Number C-3050. All such vehicles must also be marked with the certificate of exemption number on the left upper quadrant of the rear of the vehicle.

Also attached is a copy of Maximum Rate Tariff No. 1 (MRT) adopted by the Commission. All movers issued a certificate of exemption by the Commission are required to abide by the MRT. Revised pages to the MRT regarding changes to the tariff and list of participating carriers will be mailed to all movers at the first of each month. Section V of the MRT contains the prescribed forms to be used by all movers within North Carolina. Attached to the MRT is an informational booklet all movers are required to provide to potential shippers. Pursuant to the Order granting your application, you are required to attend an MRT Seminar within three months after the date of the Order. Please contact Krishna Rajeev at 919-733-7766 regarding the dates and locations of upcoming MRT Seminars.

If you have any questions or need further assistance, please contact me at 919-733-4036 or njeffries@ncuc.net.

Sincerely,

/s/ Nicholas Jeffries
