Re: NCUC Docket No E-100, Sub 90

This letter is to request consideration for reappointment to the North Carolina GreenPower Board of Directors, in a Consumer/Environmental Advocacy seat. My appointment on the Board recently expired, and I would like to continue to serve NC GreenPower by serving on the Board in a Consumer/ Environmental Advocacy seat.

I believe that my recent work with NC GreenPower, my 25 years of work with the US Environmental Protection Agency, 3 years with the North Carolina Utilities Commission, 6 years on the Utility Review Committee with the NC Alternative Energy Corporation, all contribute to my qualifications to continue to serve on the NC GreenPower Board.

Thank you for your consideration.

Sincerely,

Conniesue B. Oldham
