Ed,

I understand that someone with Envirolink contacted the Commission yesterday seeking feedback on the status of Currituck's application in Docket No. W-1333, Subs 1 and 4. Neither application was ripe for consideration until closing of the Eagle Creek transfer. If Envirolink's outreach to the Commission is a signal that Currituck would like the Public Staff to resume its review, both applications need to be updated as the information included in the applications filed in the dockets is out of date and thereby no longer accurate.

Please let me know if you have any questions.

Thank you,
Reita
