Re: Docket No. EMP-118, Sub 0 and Sub 1
Timbermill Wind, LLC – CPCN and Registration Informational Site Layout Update

Dear Chief Clerk:

On June 14, 2021, Timbermill Wind, LLC (“Timbermill”) filed an Application for a Certificate of Public Convenience and Necessity (“CPCN”) and Registration Statement (“Registration”) in the above-referenced docket. As part of the CPCN and Registration, Timbermill filed a detailed, six page site layout showing the proposed location of all major equipment within the Project Area. Due to continued development activity and final design work, certain components of the Facility have shifted to reduce impacts and optimize the layout, as described below:

- Page 2: an access road near Turbine #2 is shifted slightly north, an access road near Turbine #8 is shifted slightly south, and an access road between Turbine #9 and Turbine #10 is shifted slightly east;
- Page 3: the O&M and laydown yard is shifted north, turbine #20 and the related collection line and access road are shifted north, and the permanent met tower is shifted slightly northwest to be in line with Turbine #13; and
- Page 4: the access road and collection line between Turbine #30 and #31 is shifted slightly southeast, and the permanent met tower and access road near Turbine #33 is shifted south¹.

Enclosed and marked as Timbermill Wind, LLC - Amended CPCN Application Addendum 3 and Registration Exhibit is an updated layout, which reflects the minor nature of the above described changes and that all of the Facility components remain within the Project

¹ The shift to the met tower and access road near Turbine #33 also appears at the top of page 5.

September 21, 2021
Page 2

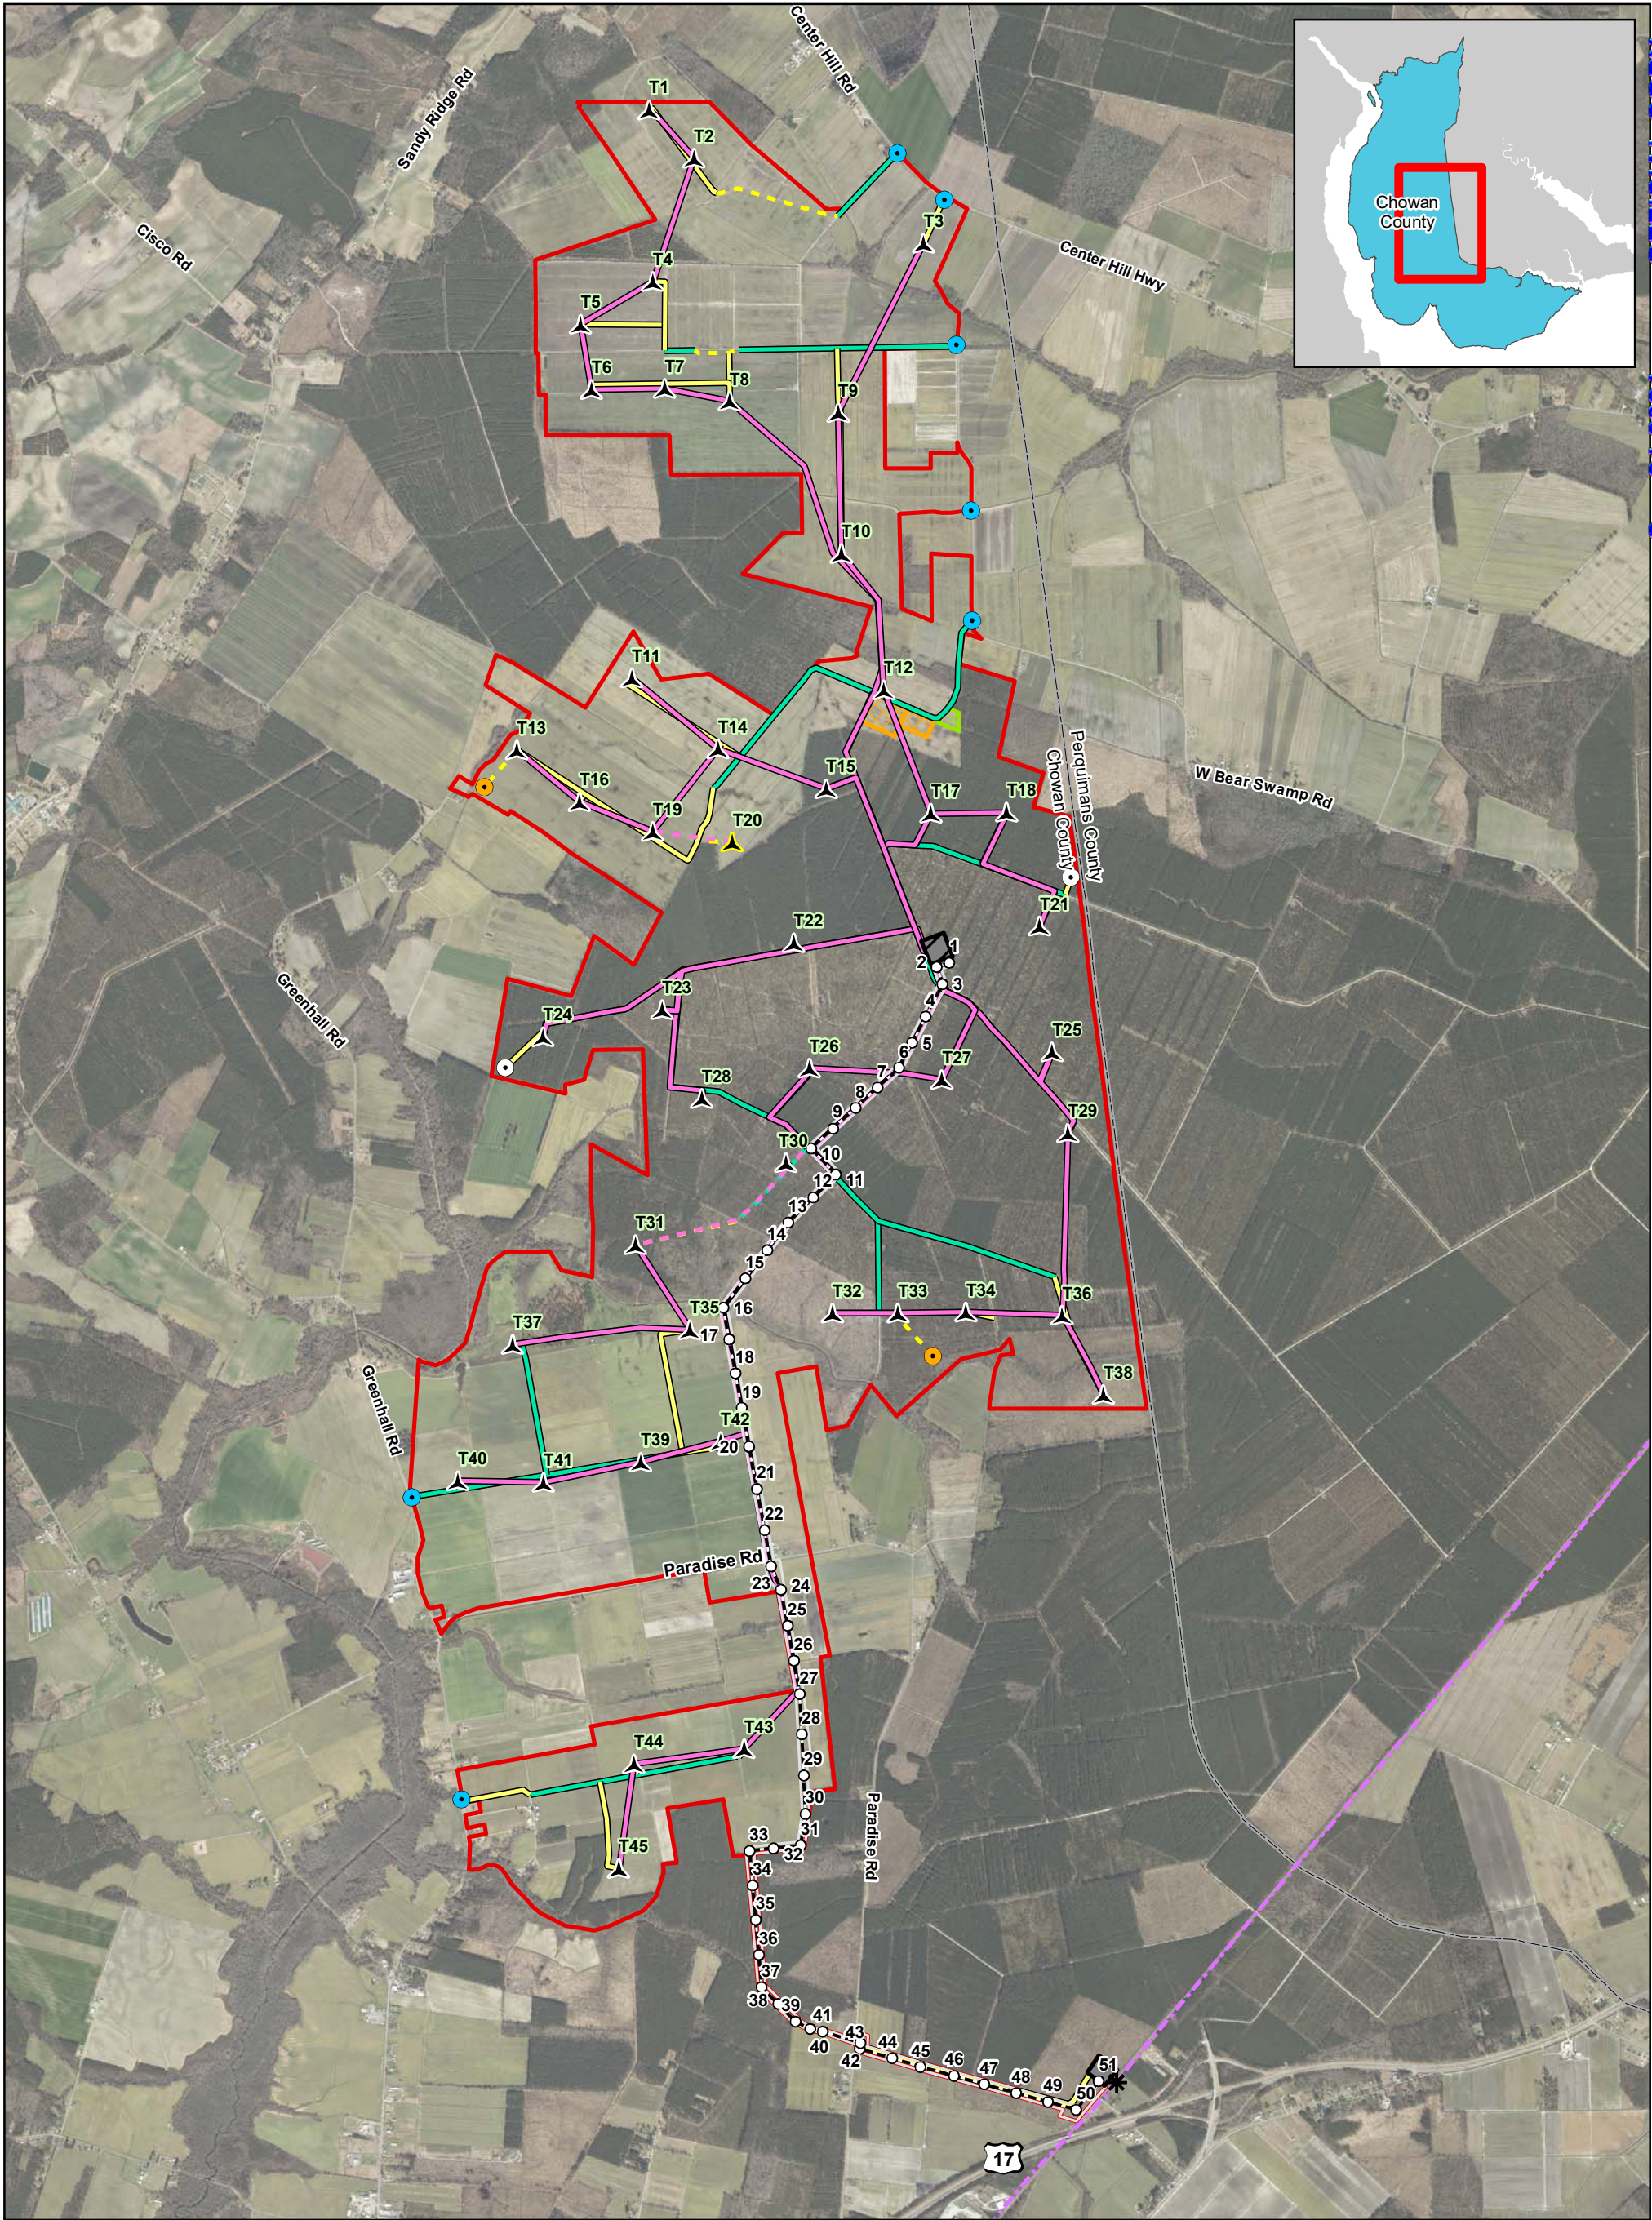

Area. The revised layout does not impact any additional land, and the material information within the CPCN and Registration remains the same. Therefore, no additional State Clearinghouse or Commission action on the filing is requested or required. The Applicant is providing this revised layout for informational purposes.

Please let me know if you have any questions.

Sincerely,

/s/ Katherine E. Ross

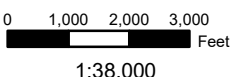

Enclosure
