Hello,

Please dismiss this petition - **Docket E-100, Sub 180CS**. The only purpose is to allow Duke to continue in their present business plan. This plan ignores / contradicts the current state of the planet and the real needs of NC - which you know. It is a deeply wrong action against the best interest of the citizens of NC.

If any of you are beholden to Duke Power for your present standard of living, please recuse yourself or resign from the Commission. NC needs people who are committed to our state first and themselves second.

Thank you,

Wendy Michener
