RE: Docket No. SP-4340, Sub 0
Update to CPCN and Registration for **Hardison Farm Solar, LLC**

Dear Clerk Mount,

Pursuant to R8-64(d)(3) and R8-66(h) of the NCUC Rules and Regulations, we hereby submit this site plan update for **Hardison Farm Solar, LLC**.

Reference is made to that certain Application for a Certificate of Public Convenience and Necessity and Registration as a New Renewable Energy Facility originally filed in Docket No. SP-2363, Sub 8 (the "Application").

Enclosed is an updated site plan for Hardison Farm Solar, LLC. Due to changes in the design and location of the arrays, as well as siting constraints resulting from this change in the design and location of the arrays, additional acreage has been added to the northern boundary of the facility's site. Approximately 96 acres have been added to the site plan on the northern boundary. Please note that the updated site plan for Hardison Farm Solar, LLC specifically illustrates the boundary of the new site in relation to the boundary of the original site.

Please also note that apart from the enclosed updated site plan, the material information contained in the Application remains the same.

Thank you for your assistance with this matter. If you should require additional information and/or have any questions, please feel free to contact me directly at (310) 581-6299 or regulatory@ccrenew.com.

Thank you,

HARDISON FARM SOLAR, LLC

Name: Matthew McGovern
Title: President

Enclosure
