Re: Aqua North Carolina, Inc.  
Docket W-218 Sub 526A  
Filing of the North Carolina Department of Environmental Quality  
(NCDEQ) Quarterly Notice of Deficiency (NOD) Reports

Dear Ms. Dunston:

On October 26, 2020, an Order was issued by the North Carolina Utilities Commission (Commission) Approving Partial Settlement Agreement and Stipulation for Aqua North Carolina, Inc. (Aqua) in Docket W-218 Sub 526.

Ordering paragraph 20 required Aqua to continue filing the remaining NCDEQ Quarterly NODs which were originally issued by NCDEQ in 2016. On July 10, 2023, Aqua provided to NCDEQ the second quarter 2023 update for the two remaining NODs that were for Barton Creek Bluffs Well #10 and Hawthorne Well #1 and #2. On July 11, 2023, Aqua filed these second quarter 2023 NODs in Docket W-218 Sub 526A.

On September 7, 2023, Aqua was advised by Shawn Guyer, Deputy Section Chief-Technical Services Branch Head, Division of Water Resources, Public Water Supply Section of NCDEQ, that quarterly reports for the final two remaining NODs were no longer required.

Aqua is notifying the Commission that the requirement in ordering paragraph 20 of the above-referenced docket to continue to file the quarterly NODs has been fulfilled.

If there are any questions, please so advise.

Sincerely,

*Robyn E. Lambeth*
