Dear Sir

The reason for my letter is
to notify Duke Energy that
we are adopting out of all
radio frequency meters and
further smart meters and
do not give your company a
permission to install a
smart meter on our home
or property. We do not give permission
for any kind of meter
that uses microwave
energy meters on our
property.

We thank you for

:-

documenting this request
and keeping this opt-out
request in your files.

Sincerely.

David and Patricia Ausum
