)	
In the Matter of)	
Implementing a Tracking System for)	
Renewable Energy Certificates Pursuant)	
to Session Law 2007-397)	

BY THE CHAIRMAN: On September 17, 2010, the Public Staff filed a Motion requesting a further two-week extension of time until October 4, 2010, for all parties to file comments in response to the August 3, 2010 Order Requesting Comments on Modifications to Rules R8-64 Through R8-69 and Interim Operating Procedures for NC-RETS issued in the above-captioned dockets. The Public Staff stated that it is informed that Dominion North Carolina Power, Duke Energy Carolinas LLC, and Progress Energy Carolinas, Inc., support its Motion.

The Chairman is of the opinion that good cause exists to grant the requested extension of time; however, any further requests for extension of time will be looked upon unfavorably.

IT IS, THEREFORE, ORDERED that the deadline for all parties to file comments in response to the Commission's August 3, 2010 Order shall be extended to and including October 4, 2010.

ISSUED BY ORDER OF THE COMMISSION.

This the 20th day of September, 2010.

NORTH CAROLINA UTILITIES COMMISSION

Patricia Swenson, Deputy Clerk
