<sup>1</sup> As a part of its application, the Applicant states that this facility is the same facility for which the Commission issued a CPCN in Docket No. SP-8467, Sub 0, pursuant to Commission Rule R8-64. The Applicant further states that the application should have been filed pursuant to Commission Rule R8-63, and, therefore, requests that the Commission allow the Applicant to withdraw the application previously filed in Docket No. SP-8467, Sub 0. The Commission treats this as a request to cancel the CPCN previously issued to the Applicant in Docket No. SP-8467, Sub 0, and will grant this request by separate order issued in that Docket.

the following guidelines regarding discovery in this docket, subject to modification for good cause shown:

1. Any deposition which a party desires to take shall be taken before the deadline for filing of Public Staff and intervenor testimony. Notice of deposition shall be served on all parties at least seven days prior to the taking of the deposition. Notice of deposition and all other discovery notices, requests and motions shall be served on the appropriate parties by hand delivery or facsimile, or by electronic delivery if the receiving party has agreed to receipt by electronic delivery.

2. Any motion for subpoena of a witness to appear at the evidentiary hearing shall be filed with the Commission before the deadline for filing of Public Staff and intervenor testimony, shall be served by hand delivery or facsimile to the person sought to be subpoenaed at or before the time of filing with the Commission, and shall make a reasonable showing that the evidence of such person will be material and relevant to an issue in the proceeding. See N.C.G.S. § 62-62. Unless an objection is filed, the Chief Clerk shall issue the requested subpoena 24 hours after such motion is filed.

3. Formal discovery requests related to the application and the Applicant's prefiled direct testimony shall be served on the Applicant not later than fourteen days prior to the deadline for filing of Public Staff and intervenor testimony. The party served shall have up to ten calendar days to file with the Commission objections to the discovery requests on an item-by-item basis, but in no event shall objections be filed later than ten days prior to the deadline for filing of Public Staff and intervenor testimony.

4. Formal discovery requests of the Public Staff or intervenors shall be served not later than three days after such testimony is filed. The party served shall have up to three calendar days to file with the Commission objections to the discovery requests on an item-by-item basis, but in no event shall objections be filed later than five days after that party's testimony was filed.

5. Formal discovery requests related to the Applicant's prefiled rebuttal testimony shall be served on the Applicant not later than two days after such testimony is filed. The party served shall have up to two calendar days to file with the Commission objections to the discovery requests on an item-by-item basis, but in no event shall objections be filed later than three days after the rebuttal testimony was filed. Discovery related to rebuttal testimony shall be limited to new material introduced in such rebuttal testimony and will be carefully scrutinized upon objection that such discovery should have been sought during the initial period of discovery from the Applicant.

6. Discovery requests need not be filed with the Commission when served; however, any party filing objections shall attach a copy of the relevant discovery request to the objections. Each discovery request, or part thereof, to which no objection is filed shall be answered by the time objections are due, subject to other agreement of the affected parties or other order of the Commission. Upon the filing of objections, the party seeking discovery shall have two days to file a motion to compel with the Commission,

and the party objecting to discovery shall have one day thereafter to file a response. All objections, motions to compel, and responses shall be served on the other affected party at or before the time of filing with the Commission.

7. A party shall not be granted an extension of time to pursue discovery because of that party's late intervention or other delay in initiating discovery.

The Chair recognizes that in the past most discovery has been conducted in an informal manner without the need for Commission involvement or enforcement, and that such has been generally successful. The above guidelines are without prejudice to the parties conducting informal discovery or exchanging information by agreement at any time with the understanding that such will not be enforceable by the Commission if outside the guidelines.

IT IS, THEREFORE, ORDERED as follows:

1. That a public witness hearing shall be held on Thursday, August 15, 2019, at 6:30 p.m. at the Scotland County Courthouse, 212 Briggs Street, Laurinburg, North Carolina, for the purpose of receiving public witness testimony regarding the Applicant's application for a CPCN;

2. That the Commission may cancel the public witness hearing if no substantial written complaints regarding the proposed facility are filed with the Commission on or before Monday, August 5, 2019;

3. That an expert witness hearing, solely for the purpose of receiving expert testimony from the parties, shall be held on Tuesday, August 27, 2019, at 10:00 a.m., in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina, for the purpose of considering the Applicant's application for a CPCN;

4. That any person having an interest in this proceeding may file a petition to intervene stating such interest on or before Monday, August 5, 2019;

5. That the direct testimony and exhibits of the Public Staff and other intervenors shall be filed on or before Monday, August 5, 2019;

6. That the Applicant may file rebuttal testimony and exhibits on or before Friday, August 9, 2019;

7. That the Chief Clerk of the Commission shall deliver copies of the application and the Public Notice attached hereto as Appendix A to the Clearinghouse Coordinator of the Office of Policy and Planning of the Department of Administration for distribution by the Coordinator to State agencies having an interest in the application.

8. That the Applicant shall publish the Public Notice attached hereto as Appendix A in a newspaper having general circulation in Scotland County once a week for four successive weeks beginning at least 30 days prior to July 26, 2019;

9. That the Applicant shall file affidavits of publication demonstrating that the application was published pursuant to this Order on or before Monday August 5, 2019; and

10. That the parties shall comply with the discovery guidelines established herein.

ISSUED BY ORDER OF THE COMMISSION.

This the 13<sup>th</sup> day of June, 2019.
