Re: Docket No. E-100, Sub 178
Rulemaking Proceeding to Implement Performance-Based
Regulation of Electric Utilities

Dear Ms. Dunston:

On February 10, 2022, the Commission issued its Order Adopting Commission Rule R1-17B in the above-captioned docket. In its order, the Commission requested that parties file comments on or before March 16, 2022 on three questions related to certificates of public convenience and necessity and capital projects approved for cost recovery in a PBR Application.

The Public Staff has had the opportunity to review the joint comments of the Carolina Utility Customers Association, Inc. (CUCA) and the Carolina Industrial Group for Fair Utility Rates I, II, and III (CIGFUR), filed today in the above-captioned docket. The Public Staff is in agreement with the comments filed by CUCA and CIGFUR, and is therefore filing this letter in lieu of comments.

Please do not hesitate to contact me with any questions.

Sincerely,

Electronically submitted
s/ Lucy Edmondson
