**RE: Duke Energy Progress, LLC's Proposed Customer Notice and Request  
for Expedited Review  
Docket No. E-2, Sub 1273**

Dear Ms. Dunston:

Pursuant to the North Carolina Utilities Commission's ("Commission") *Order Approving DSM/EE Rider and Requiring Filing of Proposed Customer Notice* issued December 17, 2021 in Docket No. E-2, Sub 1273, enclosed is the proposed Notice to Customers of Change in Rates developed by Duke Energy Progress, LLC ("DEP") and the Public Staff.

DEP respectfully requests that the Commission review and approve the proposed Customer Notice as soon as possible to allow DEP sufficient time for the design, printing and programming of the notice to be included in customer bills during January 2022.

Please do not hesitate to contact me if you have any questions or need additional information.

Sincerely,

Kendrick C. Fentress

Commercial customers with annual consumption of 1,000,000 kWh or greater in the prior calendar year and with their own energy efficiency or demand control programs, and all industrial customers with their own energy efficiency or demand control programs, may elect not to participate in DEP's DSM/EE programs and may thereby avoid paying either or both the DSM and EE charges. Because these rates are included in a customer's tariff charges, eligible commercial and industrial customers electing not to participate in DEP's programs will receive an offsetting credit on their monthly bills.

### **Summary of Rate Impact**

These billing adjustments are effective January 1, 2022. The total monthly impact of the rate change for a residential customer consuming 1,000 kWh per month is an increase of \$0.67. The total monthly impact for commercial and industrial customers will vary based upon consumption and the customer's participation in DEP's demand-side management and energy efficiency programs.

ISSUED BY ORDER OF THE COMMISSION.

This the \_\_th day of December, 2021.
