**Re: Duke Energy Carolinas, LLC and Duke Energy Progress, LLC's
Joint Petition for Financing Orders
Docket Nos. E-7, Sub 1243 and E-2, Sub 1262**

Dear Ms. Campbell:

Enclosed for filing in the above-referenced proceedings on behalf of Duke Energy Carolinas, LLC ("DEC") and Duke Energy Progress, LLC ("DEP") (together, the "Companies") please find *Duke Energy Carolinas, LLC's Revised Proposed Financing Orders*. In the Companies' Joint Petition filed on October 26, 2020, the Companies proposed a post-financing order process whereby DEP and DEC provide an Issuance Advice Letter ("IAL") at the time of bond pricing to the Commission and certify that the structuring, marketing, and pricing of the storm recovery bonds meet and exceed the Statutory Cost Objectives, with the Commission having the final say on whether the transaction should be executed or not; and, to the extent the Commission so chose, to provide a Commissioner or Commission staff member with timely information to allow for the Commissioner or Commission Staff member the level of participation the Commission desired. In the Rebuttal Testimony of Thomas J. Heath, Jr. filed on January 11, 2021, in response to the Public Staff's testimony, the Companies proposed a compromise position where, if the Commission desires a more active level of participation for itself in the post-financing order phases of the transaction prior to the IAL process, the Commission could establish a Bond Team similar to the 2016 Duke Energy Florida, LLC transaction.

Accordingly, to ensure both options are clearly presented before the Commission, the Company is filing two versions of DEP's revised Proposed Financing Order: one version with the Companies' original proposal, clean and redlined, and one version with the Bond Team proposal, clean and redlined. Specifically, contained in this filing are:

OFFICIAL COPY
