DOCKET NO. E-2, SUB 1219) REDIRECT EXHIBIT
In the Matter of Application by Duke Energy Progress, LLC, for Adjustment of Rates and Charges Applicable to Electric Utility Service in North Carolina))))

BY THE PRESIDING COMMISSIONER: On October 2, 2020, Duke Energy Progress, LLC (DEP), filed with the Commission a Motion for Leave to Designate Late-Filed Potential Redirect Exhibit in the above dockets. In summary, and in response to the Sierra Club's use of the Mayo EIS document (formerly Sierra Club potential Cross Exhibit No. 22), which the Commission permitted as a late filed potential exhibit by Order dated September 25, 2020, DEP seeks leave to designate as a potential redirect exhibit DEP Exhibit 79: The NPDES Permit issued for Mayo in July 1982. DEP also represented that counsel for Sierra Club has no objection.

Based on these representations and the records in these dockets, the Presiding Commissioner finds good cause to allow the motion. DEP may designate as DEP Potential Redirect Exhibit 79 the NPDES Permit issued for Mayo in July 1982.

IT IS, THEREFORE, SO ORDERED.

ISSUED BY ORDER OF THE COMMISSION.

This the 5th day of October, 2020.
