STATE OF NORTH CAROLINA  
UTILITIES COMMISSION  
RALEIGH

DOCKET NO. E-7, SUB 1230  
BEFORE THE NORTH CAROLINA  
UTILITIES COMMISSION

In the Matter of  
Application of Duke Energy Carolinas, LLC, )  
for Approval of Demand-Side Management )  
and Energy Efficiency Cost Recovery Rider ) PUBLIC NOTICE  
Pursuant to N.C.G.S. § 62-133.9 and )  
Commission Rule R8-69 )

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The public hearing has been scheduled to begin immediately following the public hearing in Docket No. E-7, Sub 1228, which is scheduled to begin at 9:30 a.m. on Tuesday, June 9, 2020, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of N.C.G.S. § 62-133.9 and Commission Rule R8-69, and for the purpose of determining whether an increment or decrement rider is required to allow DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On February 25, 2020, DEC filed its application and testimony for approval of DSM/EE cost recovery pursuant to N.C. Gen. Stat. § 62-133.9 and Rule R8-69. By its application, DEC requests a total annual revenue requirement of approximately \$214 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE cost recovery rider would be effective for service rendered on and after January 1, 2021. The request, including the regulatory fee, would result in an increase of 0.0395 cents per kilowatt-hour (kWh) for residential customers, and thus an increase of about 40 cents in the monthly bill of a residential customer using 1,000 kWh of electricity. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would decrease by 0.0901 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2021 would pay DSM/EE rider charges of 0.1200 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2021 would pay DSM/EE rider charges of 0.3522 cents per kWh. Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 62-133.9 are not subject to the DSM/EE rider.

In addition, further information may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public, and on the Commission's website at [www.ncuc.net](http://www.ncuc.net).

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Mr. Christopher J. Ayers, Executive Director, Public Staff 4326 Mail Service Center, Raleigh, North Carolina 27699-4300.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Josh Stein, Attorney General, c/o Consumer Protection- Utilities, 9001 Mail Service Center, Raleigh, North Carolina, 27699-9001.

Written statements are not evidence unless persons appear at a public hearing and testify concerning the information contained in their written statements.

Any person desiring to intervene in the proceeding as a formal party of record should file a petition under North Carolina Utilities Commission Rules R1-5 and R1-19 on or before Monday, May 18, 2020. Such petitions should be filed with the Chief Clerk of the North Carolina Utilities Commission, 4325 Mail Service Center, Raleigh, North Carolina 27699-4300. The direct testimony and exhibits of expert witnesses to be presented by intervenors should also be filed with the Commission on or before Monday, May 18, 2020.

ISSUED BY ORDER OF THE COMMISSION.

This the 17th day of March, 2020.

STATE OF NORTH CAROLINA UTILITIES COMMISSION  
RALEIGH

DOCKET NO. E-7, SUB 1230

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION  
In the Matter of  
Application by Duke Energy Carolinas, LLC )  
for Approval of Demand-Side Management )  
and Energy Efficiency Cost Recovery Rider )  
Pursuant to N.C. Gen. Stat. §62-133.9 and )  
Commission Rule R8-69 )

SECOND  
PUBLIC  
NOTICE

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the above-captioned docket on an application filed by Duke Energy Carolinas, LLC (DEC) for the recovery of costs incurred by DEC in providing demand-side management (DSM) and energy efficiency (EE) measures pursuant to N.C. Gen. Stat. § 62-133.9. This statute provides for an annual DSM/EE rider for each electric public utility to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. The public hearing has been scheduled to begin immediately following the public hearing in Docket No. E-7, Sub 1229, which is scheduled at 9:30 a.m. on Tuesday, June 9, 2020, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On February 25, 2020, DEC filed its application to revise its DSM/EE rates. On March 17, 2020, the Commission issued a Scheduling Order that, among other things, scheduled a public hearing in this matter for Tuesday, June 9, 2020, in Raleigh, North Carolina. In addition, pursuant to Commission Rule R8-69 DEC was required to publish notice of the hearing date, time, and proposed change in its DSM/EE rates.

In its application and required public notice, DEC stated an approximate revenue requirement increase and the increases per kilowatt-hour (kWh) for its proposed DSM/EE rates. On May 11, 2020, DEC filed additional testimony and exhibits in this docket. In its additional testimony, DEC stated that based on the Public Staff's audit of DEC's proposed rates and additional necessary adjustments, DEC requests a decrease in the residential rates initially included in DEC's application, and an increase in the general service rates initially included in DEC's application.

According to DEC's additional testimony and exhibits, DEC requests a total annual revenue requirement of approximately \$216 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE cost recovery rider would be effective for service rendered on and after January 1, 2021. The request, including the regulatory fee, would result in an increase of 0.0360 cents per kilowatt-hour (kWh) for residential customers, and thus an increase of about 36 cents in the monthly bill of a residential customer using 1,000 kWh of electricity. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's

DSM or EE programs. However, the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would decrease by 0.0708 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2021 would pay DSM/EE rider charges of 0.1200 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2021 would pay DSM/EE rider charges of 0.3522 cents per kWh. Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 62-133.9 are not subject to the DSM/EE rider.

Further information about DEC's application may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public. Also, documents may be viewed on the Commission's website at [www.ncuc.net](http://www.ncuc.net).

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Correspondence concerning DEC's DSM/EE proceeding and the public hearing scheduled thereon should be directed to the Public Staff. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Christopher J. Ayers, Executive Director, Public Staff, 4326 Mail Service Center, Raleigh, North Carolina 27699-4300.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Josh Stein, Attorney General, c/o Consumer Protection - Utilities, 9001 Mail Service Center, Raleigh, North Carolina, 27699-9001.

Consumers may also file written statements of position with the Commission. However, written statements are not evidence unless the writers appear at a public hearing and testify concerning the information contained in their written statements.

ISSUED BY ORDER OF THE COMMISSION.

This the 13th day of May, 2020.

**RESOLUTION OF INTENT BY THE CITY COUNCIL OF THE CITY OF BURLINGTON, NORTH CAROLINA**

**SECTION 1150A-2790 TO PERMANENTLY CLOSE SHADYLAWN COURT.**

WHEREAS, the City Council of the City of Burlington reviewed a request to permanently close ShadyLawn Court from the point that it intersects with northern right-of-way of Garfield Road and traversing a north-south street to its current terminal abutting the lot line of Hope Church of North Carolina;

WHEREAS, N.C.G.S. Section 1150A-2799 authorizes the City Council of the City of Burlington to close a public street or alley;

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Burlington pursuant to N.C.G.S. Section 1150A-2790(a) does hereby declare its intent to permanently close ShadyLawn Court from the point that it intersects with northern right-of-way of Garfield Road and traversing a north-south street to its current terminal abutting the lot line of Hope Church of North Carolina (more particularly described below) and sets a public hearing on the matter for June 14, 2020 at 7:00 p.m. in the Council Chamber located in the Municipal Building at 425 S. Lexington Avenue.

**PORTION OF SHADYLAWN COURT FOR CLOSURE**

Being a certain tract or parcel of land located in Burlington Township, Alamance County, North Carolina, and being the property of Hope Church of North Carolina, Garfield Road, Hamlet Drive and being more particularly described as follows:

Beginning at an iron pipe found at the southwest corner of the parcel of Hope Church of North Carolina as recorded in Deed Book 3554 Page 545 and on the northern right-of-way of Garfield Road, said iron pipe found bearing N. 0° 00' 00" E. 140.00 feet to a mathematical point, thence south 89° 00' 00" west, a distance of 104.42 feet to an existing iron pipe, thence south 89° 00' 00" west, a distance of 67.87 feet to a mathematical point, thence south 17° 00' 00" west, a distance of 105.96 feet, thence south 12° 00' 00" west, a distance of 118.87 feet to an existing iron pipe, thence north 89° 00' 00" west, a distance of 66.75 feet to an existing iron pipe and being the point and place of beginning, containing 0.23 Acres, pursuant to a subdivision by Carolina Corporation Surveying, Inc., entitled "ShadyLawn Court, Garfield Survey Property of Hope Church of North Carolina" dated March 25, 2020 and based on NC 602 North meridian. (File Number 200116)

Adopted the 14th day of May 2020.

Beverly D. Smith  
Burlington City Clerk

**STATE OF NORTH CAROLINA UTILITIES COMMISSION RALEIGH**  
DOCKET NO. 17-01-048-1230

**BEFORE THE NORTH CAROLINA UTILITIES COMMISSION**

In the Matter of:  
Application by Duke Energy Carolinas, LLC for Approval of Demand Side Management and Energy Efficiency Cost Recovery Rider Pursuant to N.C. Gen. Stat. §§ 105-133 and Commission Rule 80-40.

**SECOND PUBLIC NOTICE**

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the above-captioned matter on an application filed by Duke Energy Carolinas, LLC (DEC) for the recovery of costs incurred by DEC in providing demand-side management (DSM) and energy efficiency (EE) measures pursuant to N.C. Gen. Stat. §§ 105-133. This public notice provides for an annual DSM&EE rider for each electric public utility to provide all reasonable and prudent costs incurred for acquisition and implementation of new DSM and EE measures and appropriate incentives. The public hearing has been scheduled to begin immediately following the public hearing in Docket No. 17-01-048-1230 which is scheduled at 9:30 a.m. on Monday, June 8, 2020, in Commission Hearing Room 2115, State Building, 420 North Salisbury Street, Raleigh, North Carolina. Public access testimony will be received in accordance with Commission Rule 80-21.17.

On February 25, 2020, DEC filed its application to amend its DSM&EE rider. On March 17, 2020, the Commission issued a Scheduling Order that, among other things, scheduled a public hearing in this matter for Tuesday, June 9, 2020, in Raleigh, North Carolina. In addition, pursuant to Commission Rule 80-40 DEC was required to submit notice of the hearing date, time, and proposed change to its DSM&EE rider.

In its application and required public notice, DEC stated an approximate revenue requirement increase and the increase per kilowatt-hour (kWh) for its proposed DSM&EE rider. On May 11, 2020, DEC filed additional testimony and exhibits in this docket. In its additional testimony, DEC stated that based on the Public Staff's audit of DEC's proposed rates and additional necessary adjustments, DEC requests a decrease in the residential rate initially included in DEC's application, and an increase in the general service rates initially included in DEC's application.

Accordingly to DEC's additional testimony and exhibits, DEC requests a total annual revenue requirement of approximately \$711 million in addition to the DSM&EE rider authorized by the notice and Commission Rule. The proposed DSM&EE rider would be effective for service rendered on and after January 1, 2021. The request, including the regulatory fee, would result in an increase of 0.0000 cents per kilowatt-hour (kWh) for residential customers and 0.0000 cents per kWh for non-residential customers participating in DEC's EE programs beginning in 2021. The effect of the request on current non-residential customers would depend upon customer's participation in DEC's DSM or EE programs. However, the rate of non-residential customers who have participated in a DSM or EE program and EE program since 2008 would decrease by 0.0138 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2021 would pay DSM&EE rider charges of 0.1200 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2021 would pay DSM&EE rider charges of 0.3322 cents per kWh. Non-residential customers who do not elect participation in the rider increase or decreases applicable to their particular circumstances by contacting the DEC account representatives directly at DEC's Customer Service Center at 1-800-777-6666, residential and commercial customers directly at the office of the Chief Clerk, DEC's DSM and EE programs pursuant to N.C.G.S. § 162-133 are not subject to the DSM&EE rider.

Further information about DEC's application can be obtained from the office of the Chief Clerk, North Carolina Utilities Commission, 420 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available to review by the public. All documents may be viewed on the Commission's website at [www.ncuc.com](http://www.ncuc.com).

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Correspondence concerning DEC's DSM&EE proceedings and the public hearing scheduled thereon should be directed to the Public Staff. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Christopher J. Ayres, Executive Director, Public Staff, 4205 Mail Service Center, Raleigh, North Carolina 27699-4205.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to the Honorable Jim Stearns, Attorney General, c/o Consumer Protection - Utilities, 200 Mail Service Center, Raleigh, North Carolina 27699-2000.

Consumers may also file written statements of opposition with the Commission. However, written statements are not evidence unless the writers appear at a public hearing and testify concerning the information contained in their written statements.

**GOVERNED BY ORDER OF THE COMMISSION.**

STATE OF NORTH CAROLINA  
UTILITIES COMMISSION  
RALEIGH

DOCKET NO. E-7, SUB 1230

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of  
Application by Duke Energy Carolinas, LLC for Approval )  
of Demand-Side Management and Energy Efficiency Cost ) SECOND PUBLIC NOTICE  
Recovery Rider Pursuant to N.C. Gen. Stat. §62-133.9 and )  
Commission Rule R8-69 )

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the above-captioned docket on an application filed by Duke Energy Carolinas, LLC (DEC) for the recovery of costs incurred by DEC in providing demand-side management (DSM) and energy efficiency (EE) measures pursuant to N.C. Gen. Stat. § 62-133.9. This statute provides for an annual DSM/EE rider for each electric public utility to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. The public hearing has been scheduled to begin immediately following the public hearing in Docket No. E-7, Sub 1229, which is scheduled at 9:30 a.m. on Tuesday, June 9, 2020, in Commission Hearing Room 2115, Debbes Building, 430 North Salisbury Street, Raleigh, North Carolina. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On February 25, 2020, DEC filed its application to revise its DSM/EE rates. On March 17, 2020, the Commission issued a Scheduling Order that, among other things, scheduled a public hearing in this matter for Tuesday, June 9, 2020, in Raleigh, North Carolina. In addition, pursuant to Commission Rule R8-69 DEC was required to publish notice of the hearing date, time, and proposed change in its DSM/EE rates.

In its application and required public notice, DEC stated an approximate revenue requirement increase and the increases per kilowatt-hour (kWh) for its proposed DSM/EE rates. On May 11, 2020, DEC filed additional testimony and exhibits in this docket. In its additional testimony, DEC stated that based on the Public Staff's audit of DEC's proposed rates and additional necessary adjustments, DEC requests a decrease in the residential rates initially included in DEC's application, and an increase in the general service rates initially included in DEC's application.

According to DEC's additional testimony and exhibits, DEC requests a total annual revenue requirement of approximately \$218 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE cost recovery rider would be effective for service rendered on and after January 1, 2021. The request, including the regulatory fee, would result in an increase of 0.0360 cents per kilowatt-hour (kWh) for residential customers, and thus an increase of about 36 cents in the monthly bill of a residential customer using 1,000 kWh of electricity. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would decrease by 0.0768 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2021 would pay DSM/EE rider charges of 0.1200 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2021 would pay DSM/EE rider charges of 0.3522 cents per kWh. Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-8899. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 62-133.9 are not subject to the DSM/EE rider.

Further information about DEC's application may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public. Also, documents may be viewed on the Commission's website at [www.ncuc.net](http://www.ncuc.net).

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Correspondence concerning DEC's DSM/EE proceeding and the public hearing scheduled thereon should be directed to the Public Staff. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Christopher J. Ayers, Executive Director, Public Staff, 4328 Mail Service Center, Raleigh, North Carolina 27689-4300.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Josh Stein, Attorney General, c/o Consumer Protection - Utilities, 9001 Mail Service Center, Raleigh, North Carolina, 27699-9001.

Consumers may also file written statements of position with the Commission. However, written statements are not evidence unless the writers appear at a public hearing and testify concerning the information contained in their written statements.

ISSUED BY ORDER OF THE COMMISSION.

This the 13th day of May, 2020.

NORTH CAROLINA UTILITIES COMMISSION

  
A. Shontia Dunston, Deputy Clerk
