N.C. Utilities Commission**

Dear Commission Chair Ed Finley;

I was reading an article in the Appalachian Voice. The article give reference to a group name NC Warns. I learn from their website in the take action section about the back room deals. Please take the time to do the right thing. Let all talks be put out to the public. It may seem odd hearing from a California resident. But, I have a son who lives and works in Salisbury. Thank you for your time. Deanna Doull
