Page/Line	Text	Should Be
5/5	Four-plus million dollars	Four-plus billion dollars

1 Q Okay. Understood that those were not highly  
2 granular transmission estimates, but that --  
3 would you agree that at the very, very high-level  
4 estimates, that Duke was estimating on the order  
5 of four-plus billion dollars for the 70 percent  
6 carbon reduction scenarios?

7 A Subject to check, yes.

8 Q Okay. Thank you. So the Public Staff takes the  
9 position that investments in the transmission  
10 system should be evaluated through a  
11 comprehensive system -- comprehensive system  
12 playing process; is that right?

13 A Yes.

14 Q Okay. And you provided testimony to that effect  
15 in the Friesian CPCN docket; is that right?

16 A Correct.

17 Q Okay. And you provided that testimony in  
18 December of 2019 or thereabouts?

19 A Subject to check.

20 Q When you provided that testimony in 2019, was  
21 there a comprehensive transmission planning  
22 process in North Carolina?

23 A Well, the current utilities have their  
24 transmission planning. And then through the
