Dear Sir:

I just got my new phone bill. I am upset by the fact that somebody has proposed a 10-digit area code for the 336 part of NC. (I live in Winston-Salem, NC.)

About 10 or 12 years ago, Southern Bell requested us to dial 10 digits to Greensboro or High Point for Winston. I hated it. As a result, I stopped calling people. I used a personal boycott of the phone company to express my anger. Fortunately, it was not necessary to dial 10 numbers after a period of time.

Charlotte may embrace 10 digits, and not we. Please consider an alternate plan.

Yours
M. A. Brown
