NOW COME Duke Energy Carolinas, LLC and Duke Energy Progress, LLC (collectively, the "Companies"), pursuant to Rule R1-7(a)(5) of the North Carolina Utilities Commission ("Commission") and the *Order Requiring Filing of Supplemental Comments*, issued by the Commission on April 22, 2022, and respectfully move the Commission for a 30-day extension of time to June 22, 2022, for all parties to file supplemental comments and accordingly extend the deadline for supplemental reply comments for 30 days to July 7, 2022. In support of their joint motion, the Companies show as follows:

1. On April 22, 2022, the Commission issued an order directing the Companies, DENC and the Public Staff to file comments on the implementation of, and any updates to, the utilities' respective customer billing and data management systems, and the utilities advanced metering infrastructure, explaining how these developments inform or affect the parties previously filed comments.

2. The Order also encouraged, without requiring, other intervenors to file supplemental comments on these and any other relevant developments since the filing of past comments.
3. The Companies have been working diligently on their supplemental comments, but due to renewed discovery in this docket and the press of other matters, the Companies require additional time to complete their supplemental comments.
4. The requested extension will not result in prejudice to any party.
5. Counsel for the Companies has contacted counsel for the parties to this docket about this requested extension, and no party objected to it.

WHEREFORE, the Companies respectfully request that the Commission issue an order granting an extension of 30 days, up to and including Wednesday, June 22, 2022, for all parties to file supplemental comments, and accordingly extend the deadline for supplemental reply comments for 30 days to Thursday, July 7, 2022, and such other relief as the Commission deems just and proper.

Respectfully submitted, this 17th day of May, 2022
