Re: Docket No. G-9, Sub 550B
Margin Decoupling Deferred Account Adjustment

Dear Ms. Vance:

In accordance with provisions set forth in Appendix C of the Company's Service Regulations as approved by the Commission in the above referenced docket, Piedmont Natural Gas Company files the enclosed original and 25 copies of the computation of the Margin Decoupling Deferred Account Adjustment by rate schedule for September 2010.

For billing cycles for the month of September 2010, the calculation results in an amount to be collected from residential customers of \$572,375 and an amount to be refunded to commercial customers of \$230,634. The total Margin Decoupling Adjustment for September 2010 is \$341,741.

The average temperature for the September days included in these billing cycles was warmer than normal. Actual usage for this period was 59,645 dekatherms less than the projected normal. This resulted in avoided commodity costs of approximately \$334,011 for residential and commercial customers.

Please let me know if there are any questions.

Sincerely,

Jenny Furr
