**Re: In the Matter of Old North State Water Company, LLC's
Application for General Rate Increase
Docket No. W-1300, Sub 60
Pre-Filed Rebuttal Testimony of Laurie Oakman, Exhibit 2**

Dear Commissioners:

I am writing to confirm my statement from the hearing on Tuesday, March 8, 2022, that the Usage Charge (per 1,000 gal) of \$5.77 presented for the Rocklyn Subdivision, page 14 of Exhibit 2 – L. Oakman's Rebuttal Testimony, is a typographical error. ONSWC's intent is follow Public Staff Junis' recommended calculated Usage Charge (per 1,000 gal) of \$5.57 for this purchased water system as a pass-through of cost from the City of Winston-Salem.

I apologize for any confusion this error may have caused.

Thank you and your staff for your assistance.

Sincerely,

A handwritten signature in black ink that reads "Laurie Oakman".
