NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual fuel and fuel-related adjustment charge proceeding for Duke Energy Progress, LLC (DEP). The public hearing is scheduled to begin at 10:00 a.m. on Wednesday, September 14, 2022, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of N.C. Gen. Stat. § 62-133.2 and Commission Rule R8-55 for the purpose of determining whether an increment or decrement rider is required to reflect changes in fuel and fuel-related costs over or under the base fuel rate established for DEP in its last general rate case. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On June 14, 2022, DEP filed its application in the above-captioned docket. By its application, DEP requests Commission approval for an increase in its fuel and fuel-related costs currently in effect, with the changes being effective for service rendered on and after December 1, 2022. If approved, DEP's request would result in increases of the current fuel rates of all customer classes, with the amount of the increase varying for different customer classes. For example, the net effect of DEP's request as filed would increase the monthly bill of a typical residential customer using 1,000 kilowatt-hours per month by \$9.74, excluding the regulatory fee.

Further information may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEP's application is available for review by the public. Also, documents may be viewed on the Commission's website at www.ncuc.net.

Written statements may be emailed to utilityAGO@ncdoj.gov.

Written statements are not evidence unless the writers appear at a public hearing and testify concerning the information contained in their written statements.

SECOND PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual fuel and fuel-related adjustment charge proceeding for Duke Energy Progress, LLC (DEP or Company). The public hearing has been scheduled to begin at 10:00 a.m. on Wednesday, September 14, 2022, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On June 14, 2022, DEP filed its application and testimony relative to the fuel cost proceeding. By its application, DEP requests Commission approval for an increase in its fuel and fuel-related costs currently in effect, with the changes being effective for service rendered on or after December 1, 2022. The net effect of DEP's request as filed would increase the monthly bill of a typical residential customer using 1,000 kilowatt hours (kWh) per month by \$9.74, excluding the regulatory fee.

On July 8, 2022, the Commission issued an Order Scheduling Hearing, Requiring Filing of Testimony, Establishing Discovery Guidelines, and Requiring Public Notice (Scheduling Order). Among other things, the Scheduling Order required the Company to publish notice in a newspaper or newspapers having general circulation in its service area once a week for two successive weeks beginning at least 45 days prior to the hearing.

On August 12, 2022, DEP filed supplemental testimony and exhibits after the Public Notice of the original proposed fuel charges had been published, revising its proposed monthly fuel rates. The revisions, if approved by the Commission, would result in the present fuel and fuel-related rates, excluding regulatory fee, to increase by 1.0860 cents/kWh for residential customers, 1.2490 cents/kWh for small general service customers, 0.7620 cents/kWh for medium general service customers, 0.5090 cents/kWh for large general service customers, and 2.1920 cents/kWh for lighting customers.

Proposed changes in all customers' fuel rider rates would be effective for service rendered on and after December 1, 2022.

Further information is available to the public by reviewing DEP's application on the Commission's website at www.ncuc.net.

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. SECOND PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual fuel and fuel-related adjustment charge proceeding for Duke Energy Progress, LLC (DEP or Company). The public hearing has been scheduled to begin at 10:00 a.m. on Wednesday, September 14, 2022, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of N.C. Gen. Stat. § 62-133.2 and Commission Rule R8-55 for the purpose of determining whether an increment or decrement rider is required to reflect changes in fuel and fuel-related costs over or under the base fuel rate established for DEP in its last general rate case. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On June 14, 2022, DEP filed its application and testimony relative to the fuel cost proceeding. By its application, DEP requests Commission approval for an increase in its fuel and fuel-related costs currently in effect, with the changes being effective for service rendered on or after December 1, 2022. The net effect of DEP's request as filed would increase the monthly bill of a typical residential customer using 1,000 kilowatt hours (kWh) per month by \$9.74, excluding the regulatory fee.

On July 8, 2022, the Commission issued an Order Scheduling Hearing, Requiring Filing of Testimony, Establishing Discovery Guidelines, and Requiring Public Notice (Scheduling Order). Among other things, the Scheduling Order required the Company to publish notice in a newspaper or newspapers having general circulation in its service area once a week for two successive weeks beginning at least 45 days prior to the hearing.

On August 12, 2022, DEP filed supplemental testimony and exhibits after the Public Notice of the original proposed fuel charges had been published, revising its proposed monthly fuel rates. The revisions, if approved by the Commission, would result in the present fuel and fuel-related rates, excluding regulatory fee, to increase by 1.0860 cents/kWh for residential customers, 1.2490 cents/kWh for small general service customers, 0.7620 cents/kWh for medium general service customers, 0.5090 cents/kWh for large general service customers, and 2.1920 cents/kWh for lighting customers.

Proposed changes in all customers' fuel rider rates would be effective for service rendered on and after December 1, 2022.

Further information is available to the public by reviewing DEP's application on the Commission's website at www.ncuc.net.

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. This public hearing has been scheduled to begin at 10:00 a.m. on Wednesday, September 14, 2022, in Commission Hearing Room 211B, Duke Building, 450 North Salisbury Street, Raleigh, North Carolina. On August 13, 2022, DEP filed supplemental testimony and exhibits after the Public Notice of the original proposed fuel charges had been published, raising its proposed monthly fuel rate. The additions, if approved by the Commission, would result in the present fuel and fuel-related rates, including regulatory fee, to increase by 1,090 cents/kWh for residential customers, 1,340 cents/kWh for small general service customers, 0.740 cents/kWh for medium general service customers, 0.050 cents/kWh for large general service customers, and 2.150 cents/kWh for lighting customers.

Proposed changes in all customers' fuel rates would be effective for service rendered on and after December 1, 2022.

Further information is available to the public by reviewing DEP's application on the Commission's website at www.ncuc.gov.
