Subject: Docket E-100, Sub 180CS

To whom it may concern:

Duke's plan is too complex, and would discourage solar investments and fails to account for solar's benefits to the grid. Do not let Duke energy change the rules on our net metering! This would make rooftop solar less accessible at a time when climate scientist say we must be moving full steam to decarbonize!

**Thanks for doing the right thing,
Angela**
