North Carolina Utilities Commission
Dobbs Building
Raleigh, NC

Dear Sirs:

I am an eighty-four year old
widow living alone on a fixed income
in Morehead City in Brandywine.

(I know that you are already crying).

My Carolina Water Service
bill has tripled since I moved here
in 1998. This November it was
\$82.00. It would have been \$78.00
had I not used over 1,820 gallons
of water. In other words it is \$78.00
if I use no water.

With the new tax rates Carolina
Water will reduce their tax rates from
34% to 20%. Why not use this
savings instead of increasing our
rates?

I ask you please to deny
their request for a rate hike.

Sincerely,
Jane C. Edwards

Clerk's Office
N.C. Utilities Commission

Members of the Commission:

I am currently a customer of Carolina Water Service, Inc. of North Carolina and have no other options. I live in a retirement community in Morehead City (Brandywine Bay). A majority of the persons living here are older and I'm quit sure many are budgeting their water bills on fixed incomes.

Since the New Tax Cuts and Jobs act will create a windfall of additional revenue for Carolina Water Service, Inc. of North Carolina-Utilities, Inc., due to changes in the corporate tax rate. According to the NC General Statutes 62-130(d), we as Brandywine residents and customers of Carolina Water Service, Inc. of North Carolina Utilities, Inc. respectfully request the Commission to review the rate base charged to its customers, and further request Carolina Water Service Inc. of North Carolina-Utilities, Inc. to refund moneys to its customer which were over-collected from its customers, as per NC General Statutes 62-130 (e).

Thank you for your consideration,
Brenda Dail
